

# Bicroft Improvement District to be a thing of the past

by PETER McGUINNESS  
Echo Staff

After this fall's municipal elections the Improvement District of Bicroft will be a thing of the past.

Bicroft, which is located in the eastern part of Haliburton county and is almost completely surrounded by the township of Cardiff, is the last improvement district located within an Ontario county.

The district came into existence in 1958 when the former Improvement District of Cardiff was dissolved. Improvement districts were organized by the government to provide local autonomy for an area which is dependent on one industry.

The Cardiff improvement district came into being as a result of the uranium rush of the late forties and early fifties. At that time three mining companies had operations in the area: Dyno, Bicroft and Faraday (now Madawaska Mines).

By the late fifties the rumblings of mine closures or a clearer perception of the area most affected by the mines lead to the districts reorganization.

"They took us out of Cardiff and put the rest of the township back as the Township of Cardiff", Bicroft Secretary-Treasurer Sandra McColl said.

An improvement district is not governed by an elected municipal council as are townships, towns

and cities. Instead the local corporation is managed by a board of trustees. The trustees are appointed by the Lieutenant-governor-in-council.

There are three Bicroft trustees: a chairman, Bill Howe, a vice-chairman and a trustee. In the last few years Bicroft trustees have been appointed for one year terms but, originally they were appointed indefinitely. There is no limit to the number of times a trustee may be appointed.

McColl said that unless there have been questions about a trustee's competency the re-appointment procedure is fairly straightforward. "I would inform the field office of the Ministry of Municipal Affairs and Housing (MMAH) and they would do the paperwork necessary for re-appointment."

Although the grants for which an improvement district is eligible are the same as any other municipality and the local ratepayers elect school board trustees, they are administered differently from other local governments.

McColl, for instance, serves Bicroft as Secretary-Treasurer rather than as a Clerk or Clerk-Treasurer as she would in town or township. In addition, "Every by-law, every budget, every disbursement sheet is approved by the MMAH. Even the minutes are approved," McColl said.

"The supervision is very different," she added.

However, Bicroft improvement district recently adopted a by-law which should usher in the district's "coming-of-age". The by-law calls for Bicroft to be reorganized into a full township.

"The by-law has been approved by the field office of the MMAH and has been submitted to the Ontario Municipal Board," McColl said.

When he informed the county council about Bicroft's action on June 16, improvement district chairman Howe said he anticipated little difficulty in achieving the move. "We hope to be organized, to have approval, in time for the fall election," Howe said.

## 'I can't see any problem'

"I can't see there being any problem", he said.

Now that the by-law has received ministry approval the municipality is awaiting instruction from the OMB on how to publish the by-law. It may be displayed in prominent location, mailed to the local ratepayers or be advertised in the local newspaper.

Once the by-law has been published the OMB can receive official comments and objections on the reorganization. "If there are none there will be no hearing, the OMB will grant approval," McColl said.

If there are objections the OMB decides if they are relevant to the by-law. If they are relevant it decides if a hearing is necessary.

"It is a bit like a zoning by-law," McColl said. The municipality may have to take the by-law to a public hearing or it may be able to explain the by-law so the objection can be withdrawn.

"If there were objections that couldn't be ironed out then you have to amend the by-law," McColl said. "I can't picture anything like that happening with this by-law."

As McColl pointed out the by-law restores the Bicroft residents' right to an elected local council. "There can't be too much of an objection to that," she added.

Cardiff is expected to make no objections to the by-law despite the fact that Bicroft nearly bisects that township.

"We are really very different areas," McColl said. Bicroft is industrial while Cardiff tends to be more rural. McColl added that if Cardiff wished to absorb Bicroft it could make application to do so no matter what the area's status.

As Cardiff has not made any such move in the past it is unlikely that it will do so now.

The by-law has already been introduced to Bicroft's ratepayers. A public meeting was held prior to the adoption of the by-law. It was

Excited kindergarten students prepared to accept their diplomas at Archie Stouffer Public School in Minden, Thursday afternoon. Awards were presented for good attendance and perfect attendance

as well. Many parents watched proudly as their capped children took part in the ceremony.

## Minden in debt, plans utilities commission

The Minden Utilities Commission has been established to manage and control the village's water system when it is assumed by the municipality next January.

Last month, Anson, Hindon and Minden council decided to assume the administration of the system from the Ministry of the Environment. At that time the council felt it could save the townships \$44,000 in administration charges.

However, the township's auditor's report has revealed a \$58,000 debt to the ministry. According to councillor Ed Pergolas, that amount was collected in prepaid frontage charges in 1979 when the water tower and new extension were com-

pleted. The money was never paid to the ministry and the debt is being carried by the municipality.

Pergolas also said discrepancies exist in the footage the municipality is charged. The ministry assumes there is 24,652 feet frontage but the municipality only charged for 13,820 feet.

The ministry also says that there are 90 connections while the municipality believes there are only 75. Pergolas said the municipality might be overcharged as much as \$9,900 annually.

Pergolas said council's only choice was to clarify the matter by establishing the utilities commission. The council members of the budget committee, the system's

chief operator, a local volunteer and the township's accounts officer will form the commission, according to a resolution passed at the regular council meeting last Wednesday evening.

## We will be open on Canada Day

The Haliburton County Echo office will be open Thursday, July 1. Regular advertising deadlines of Monday at 5 p.m. will apply. The Echo staff hopes residents and visitors to the Highlands enjoy Canada Day celebrations.

## Reeve is questioned on position

### Pergolas takes Walker to task on 'provisional' status of county

Anson, Hindon and Minden's reeve's hesitance to accept dropping the word "provisional" from Haliburton County's title has angered at least one of his councillors. Ed Pergolas demanded an explanation from Reeve Lloyd Walker for not promoting the council's positive feeling towards name change at county council meetings.

Pergolas brought the matter to the council table last Wednesday evening when he said he wanted "to clear the air". The councillor was upset because the members had passed a resolution a few

had passed a resolution to drop "provisional" from the county title a few months before.

The resolution was passed in response to a fact-finding questionnaire sent to all municipalities by the county.

However, at the county level the reeve has asked for more information repeatedly and claimed at the municipal council meeting that he would not support the move if the county would lose grants if it attained full county status.

"You just think we're going to lose money," Pergolas told Walker. Pergolas said the loss of a provincial grant to the board of education had been denied by the ministry of education. This was the only threat of loss of funds

the county faced.

However, Walker questioned both the validity of a statement made by a civil servant and whether it would be upheld by the ministry when the county attained its full status.

County Warden, Ron Gambell, who was present during the council discussion, tried to clarify the matter for the councillors.

Gambell told the councillors they could not expect the reeve to obtain council's feelings on every county matter before making a decision but said both the reeve and deputy-reeve should make reports on county council at regular municipal council meetings.

Councillor Lyle McKnight agreed with Gambell that the municipal council did not have enough information to decide the way the county councillors should vote. He suggested that the county should have a grasp on the matter before asking area councillors to comment on matters.

Gambell admitted the county had not decided on the 'provisional' matter when the municipalities were asked for input but he said the information the county was presented by Dysart et al Reeve Murray Fearrey, more than a year ago, was the same information provided by Ted Foster, a consultant from the Ministry of Mun-

icipal Affairs and Housing, at the most recent meeting of county council.

But Reeve Walker denied Gambell's statement by saying there "was a lack of information from the beginning". Walker said he did not want the title changed

just for change sake but would agree if the county had something to gain.

Gambell told the Minden council that Sherborne, McClintock and Livingstone would definitely gain from the title change adding if one municipality gained the en-

tire county would gain. "We have to do this," Gambell told Reeve Walker.

"It does create problems when we don't have cooperation...Lloyd (Walker) and Bob Vick (Snowdon reeve) are still holding us back," Gambell told the councillors.

addressed a number of questions to the government on the out-of-province purchase over the past few days. He said the Liberals fully intend to keep the pressure on the

government on the uranium purchase issue.

The Tuesday rally by the mine workers was a follow up to a similar rally held the week before.

A, H, M gets no aid

Several busloads of Bicroft miners rallied at Queen's Park yesterday in an attempt to focus more government attention on the Madawaska Mines situation.

A delegation of the workers was scheduled to meet with Ontario Premier William Davis.

Madawaska Mines employs 2400 people, a number of them residents of Haliburton County. It is expected to close shortly as a result of a recent Ontario Hydro decision awarding a uranium contract to a Saskatchewan firm.

In a telephone interview John Eakins, Victoria-Haliburton MPP, said he was very concerned with the situation.

"We can't understand hydro going to another province," Eakins said. "David Peterson wants the miners to know the Liberal party sympathizes with their plight." Eakins said that he had

build a section of Prince Street this summer. The municipality must pay \$35,000 towards the project.

Gilbert noted that many new projects had been postponed this year and only projects to receive special funds were carried over from last year.

In other road related business: more than a finger-board sign should direct travellers on Highway 118 (formerly the Vankougnat Road) to the village of Minden, according to Anson, Hindon and Minden council.

There's nothing more fun than winning, especially when it's in a game with your friends at Haliburton Highlands Senior Elementary School. The school sponsored Fun Day for its students last Wednesday. For more pictures see page 6.

Peter McGuinness

## Editor appointed to County Echo

The Haliburton County Echo will have a new editor for the next twelve months. Peter McGuinness, formerly of Hamilton, Ontario, has been appointed to the job which has been held for the past four years by Len Pizzev.

Algonquin Graphics Limited, publishers of the Echo, have granted Pizzev a one year leave of absence from his job commencing July 1. He will use the time to travel with his wife, Kit, and will return to his duties with the Echo in July, 1983.

McGuinness, 24, has an Honours Bachelor of Arts degree in Political Science from McMaster University. While at university he served for two years as director of news at radio station CFMU-FM, a community station associated with McMaster. Before joining the Echo he worked as a reporter and assistant editor at Brabant Newspapers in Hamilton, publishers of seven community weeklies in the Hamilton area.

As editor of the Haliburton County Echo, McGuinness will assume responsibility for the editorial content of the newspaper, including news, features, comment and photographs.

## Bicroft will change

from page 1  
attended by more than 80 citizens in addition to the board of trustees and two representatives from the ministry.

According to McColl both the MMAH representatives said that Bicroft was in no way what they would expect an improvement district to be.

"They said it seemed grossly unnecessary to have it supervised," McColl said.

Under the by-law the new council will consist of five councillors, including the reeve. This is the minimum number of elected councillors a township, or any municipality, may have under the Municipal Act.

However, it is not expected that Bicroft will have a deputy reeve. Due to the small population of the area such an office will probably be considered unnecessary.

The by-law will probably be approved by the OMB shortly so that the district will have sufficient time to organize municipal elections for this year.

## Council makes request

from page 1  
The council instructed the Clerk to write to the Ministry of Transportation and Communications asking that the fingerboard sign at the intersection of the Bobcaygeon Road and Highway 118 be replaced by a larger sign.

Council has made a similar request in the past

## Cummins resigns

Larry Cummins, Anson, Hindon and Minden councillor, resigned from the Joint Housing Commission at the regular meeting of council, last Wednesday night.

Cummins cited business responsibilities as his reason for resigning from the commission.

Council accepted his resignation and appointed

councillor Lyle McKnight to the commission.

The commission was established to provide housing units for seniors and families, in the village of Minden. Representatives from Stanhope and Lutterworth Townships sit on the board and the units will provide much-needed housing for their residents as well.

## Galway/Cavendish council meets

At the last regular meeting of Galway/Cavendish council the following matters were discussed.

Council approved of the plans from the Kinmount Agricultural Fair Board to hold their annual dinner and dance at the Kinmount Fair Grounds Arena.

The Roads Committee was authorized to open tenders for surface treatment and proceed with awarding the contract subject to the lowest tender being accepted and the tender amount being within the budget.

The tender from Winslow-Gerolamy for supply of a tandem dump truck for \$65,374.86 was accepted subject to Ontario Municipal Board and Ministry of Transportation and Communications approval and written agreement from the supplier that they will deliver the said vehicle on December 1.

The clerk was instructed to submit an application to the Ontario Municipal Board for approval to purchase the tandem dump truck. The amount will be paid from 1982 to 1983 tax levies and Ministry of Transportation and Communications subsidies.

The Township of Galway and Cavendish declared its support in principal of the Haliburton County Snowmobile Association in their efforts to retain the Canadian National Railroad line for recreation projects. A copy of this resolution was forwarded to John Eakins, MPP and Jim Pollock, MPP.

Council requested \$500 from 364034 Ontario Limited with regard to the proposed plan of subdivision on Pencil Lake, as a deposit against further costs the Township might incur.

A letter was sent to Harvey Township council requesting a formal agreement between the municipalities, which would permit the ratepayers in the Bass Lake area to use Harvey Township Land Fill Site on the outskirts of Bobcaygeon.

The Clerk was instructed to obtain specific procedures from the township solicitor regarding legal action to be taken on violations of township sign, noise and building by-laws.

The Clerk was authorized to provide the AMO with information pertaining to the 1982 Ontario budget's impact on the township. The impact of retail sales tax is estimated to be in excess of \$20,000 annually.

The Clerk was authorized to apply for a grant under the 1982 Ontario Employment Incentive Program for \$5,800 representing six man months of labour. The grant will be used to paint the 5 municipal buildings inside and out as required and to clean up municipal properties.

## Old library gets new committee

The old Minden library is now installed at its latest site and the museum committee is ready to establish the village's first museum.

The appointed committee requested Anson, Hindon and Minden council to appoint a council member to sit on the board now that it is operational.

Deputy-reeve Doug Pritchard was appointed to the committee.

## Minutes of county council meeting

County council of the provisional county of Haliburton held its last regular meeting prior to summer recess at Kilcoo Camp in Lutterworth Township.

The following matters were discussed.

The county clerk was instructed to notify the clerks of the municipalities in the provisional county of Haliburton and the secretary of the Haliburton County board of education that one member is to be elected by the Bicroft and Cardiff to the Haliburton County board of education, representing separate school assessment, effective with the November municipal elections. This action will increase membership on the Board to 15.

Council determined that public school representation on the Haliburton County School Board should remain the same: Anson, Hindon and Minden with two members, Dysart et al with four, Stanhope with two and all others with one member with

a total of 14 public school members.

Finance Chairman G. Lewis reported the inspection of accounts by the Finance Committee.

Accounts were in the amount of \$98,827.35.

Council concurred with the resolution of Hastings county regarding its resolution asking for a new upper limit maximum of \$200 for land severances.

A by-law was passed confirming the passing of a by-law by the Township of Lutterworth to close, stop up and convey portions of the original shoreline allowance for road fronting part of Lot 18, Concession 10, and the perimeter of Gull Lake in Lutterworth.

A by-law was passed confirming the passing of a by-law by the Townships of Anson, Hindon and Minden to close, stop up and sell a part of the original allowance for road between Lots 30 and 31, Concession 4, in Minden.

A by-law was passed con-

firmed the passing of a by-law by the Townships of Anson, Hindon and Minden, to close, stop up and sell a part of the original allowance for road between Lots 30 and 31, Concession 4, in the Township of Minden.

A by-law confirming the passing of a by-law by the Townships of Anson, Hindon and Minden, to close, stop up, and sell part of the original allowance for road in front of part of Lot 3, west side of Lyons Street and part of Lyons Street, in the town plot of the village of Minden, was passed.

A by-law was passed confirming the passing of a by-law by the Townships of Anson, Hindon and Minden, to close, stop up and convey part of the original allowance for road along the shore of Gull River in front of Lot 2, Concession 1, in the Township of Anson. Councillor James Harrison registered a nay vote on this motion.

County council passed a resolution in the support of the motion of Sherborne, McClintock and Livingstone to oppose organized clubs to hunt bear with large packs of dogs on land (private or crown) during the spring season when deer and moose are vulnerable because they are with young.

Ted Foster, Senior Policy Advisor with Ministry of Municipal Affairs and Housing, who is conducting a study on implications relative to removal of 'Provisional', reported his findings from various ministries to date to council.

Foster will document his findings to date, supported by ministry assurances, and this report will be circulated to all ten municipalities within the County.

The county roads report was made by Keith Tallman and county engineer William Obce. Following discussions it was requested that the county road committee re-examine the status of County Road 1, with a full report on traffic counts and facts.

# Antique cars worship summers' blue skies

## Allan Bagg spent year fixing the classic

Blue skies, shining brass and the steady purr of an antique engine means more to a Model T owner than it does to anybody else. With the arrival of warm weather comes the knowledge that the old car can be pulled out of the garage and enjoyed on leisurely evening drives.

To Allan Bagg of Eagle Lake, a Model T owner and lover, this coming summer means he'll have his newest joy on the road. For the past year and a half Bagg has been reconstructing a 1914 Ford Model T.

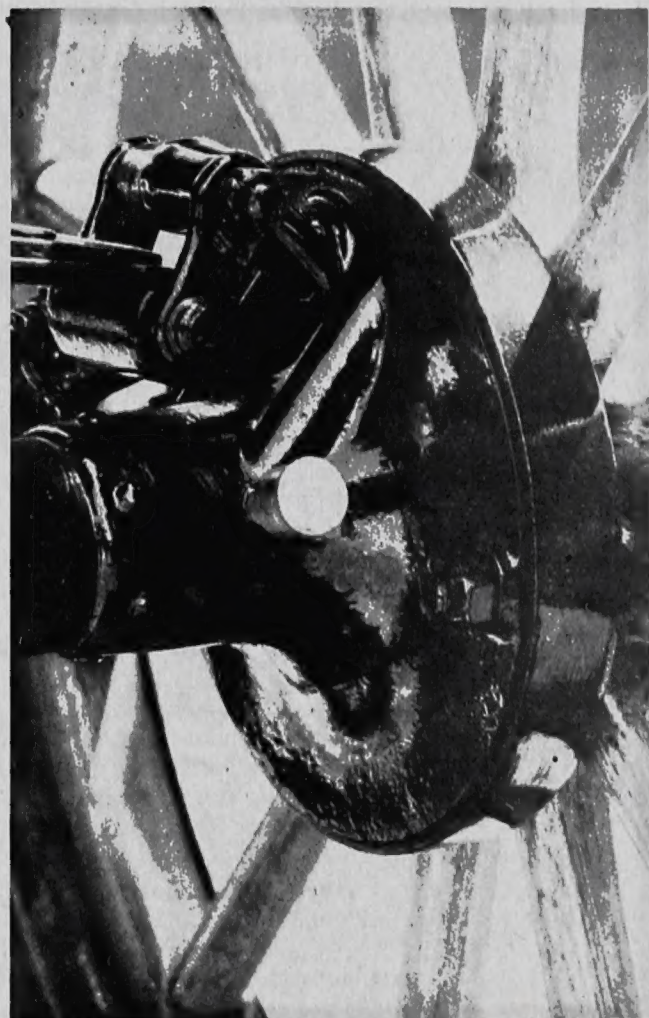

The car, which is almost completed, was stored in a barn in Oak Ridges for many years, before

Bagg purchased the automobile for \$4,500. Prior to his purchase the engine hadn't run since 1950.

He brought the car home to Eagle Lake and with half an hour's work the engine was working once again. The car was in excellent shape, most of the original parts were still on it.

Bagg eventually stripped the engine down but it needed only valves, sparkplugs, wiring, some authentic red rubber hoses, clamps, rings and gaskets. The rods and crankshaft in the four cylinder low compression engine were in fine

# Mercedes' appearance disguises its origin

## 1972 Oldsmobile was transformed

"I built it one piece at a time, it didn't cost me a dime, You'll know it's me, when I come through your town."

Johnny Cash  
American Singer

It took two winters of hard work and a lot of ingenuity, but M.S. (Babe) Clement has his 1972 Oldsmobile back on the road. But now the car sports the look of a 1929 Mercedes.

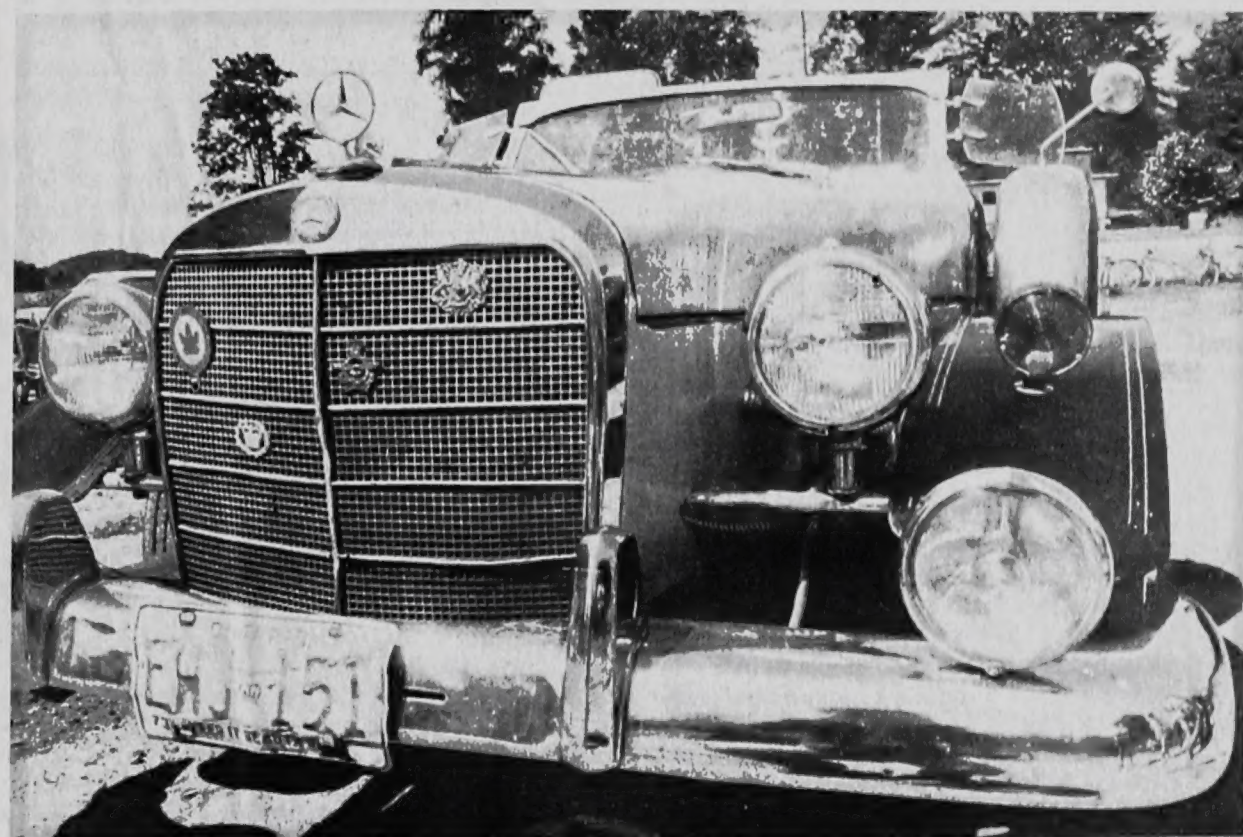

Clement began the restoration of the Oldsmobile mainly out of necessity because the body was rotted by the harsh Canadian weather. "I didn't want to scrap it, so I cut it down and built it on my own time."

The Mercedes, which Clement got on the road

this spring, looks remarkably like the half-century old original, especially to the untrained eye. Clement admits he rushed this spring and neglected to take the time to put a smooth finish on the car. He's not quite satisfied with the lack of curve in the handmade fenders.

The project began when Clement wrote to a company in the United States to inquire about a fiberglass Mercedes kit. He received a coloured catalogue filled with pictures of the replica Mercedes but the \$5,000 cost kept Clement from ordering.

With an equipped garage on his property and plenty of spare time to work on the project during the winter, Clement decided he could buy the

Rebuilt Oldsmobile looks like Mercedes

and photos  
by  
Sue Cooper

Mercedes emblem

metal, bend it and finish the car for less than the kit price.

He did too. It cost him \$3,100 for the materials he utilized in the project.

Clement had nothing more than a glossy magazine picture of showroom Mercedes which he taped with black electric tape to his red metal tool case to start with. He also owned a Mercedes which provided the only authentic pieces on the car.

The front and back bumpers and the front grill are off the old Mercedes, but Clement can't

The hood latches down with clasps purchased from the local marina and welded together army bunk beds give the body its distinctive shape.

The headlights from a 1932 Cadillac were purchased for \$100 a piece at a merchandising show as were the 1932 Chrysler chrome tire covers, priced at \$40 each.

The wheel covers are an addition to the original Mercedes, but fit snugly into the front fenders.

The dashboard is made from a former stainless steel counter top and the fenders were manufactured by hand. The fenders which were

## Dashboard made from a stainless steel counter

remember the year of it. To add a little more colour to the car he has four badges attached to the grill. One is an air force badge, another is a Canadian Winter Rally badge, the third is the emblem off a whisky bottle and the fourth has an undetermined origin.

The body of the Mercedes, painted cream to match the colours of the twenties, was hand-made by Clement. The shape was hammered out with an assortment of body shop hammers that were his main tools during the project. Some of the hammer marks are still visible.

shaped and welded to the frame of the car took between a day and a day and a half to manufacture.

Although they're lower on the reproduction than they are on the original, Clement thinks they look fine. But they lack a rounded shape and the fenders still bother him. With only hand tools the correct shape could not be pressed into the metal.

The engine, a 350 c.i.d., gives him between 22 and 23 miles per gallon, and along with the complete drive train and chassis from the Olds-

# COMMENT

## Editorials

### Worth debating?

It is not easy to decide which party is right on the question of changing Haliburton's status from a provisional county to a full county. The questions of whether or not to change and what effect the change may have on the county have been discussed by county council for a year.

It seems certain that the county will not lose any grants or funds by making the change. Nor is the change likely to cost the county much money. The Ministry of Municipal Affairs and Housing consultant who is advising the county's budget committee on the change has informed council it will not be necessary for the county to build a jail or a courthouse before becoming a county.

If Haliburton has nothing to lose and nothing to gain in making the move then how does one weigh up the merit of such a change?

There are a group of county councillors who feel the move is a sensible one for the county to make. They wish, to varying degrees, to ensure the county will lose nothing by the change but, if there is no risk to the county, they believe the provisional county status of Haliburton should be dropped.

As one county councillor has said, the word "provisional" implies a transitional stage in the development of an area. That conception of this district has become antiquated and meaningless. It is time to remove the traditional element and face the fact that Haliburton is here to stay.

A smaller group of councillors are not confident in the assurances they have been given by the ministry. They believe there will be some hidden cost to the community if the move is made.

As one councillor has said, if the county has nothing to gain by the move then it would seem to be a change simply for the sake of change.

If these two factions were motivated by these stated positions then there would be no reason to mention this situation. Haliburtonians could be confident they were being governed by men who were protecting and promoting the people's interest, albeit in different ways.

Unfortunately, there seems to be little chance that the question of dropping the provisional status of the county is anything more than pure political squabbling.

The debate rages between men who are resistant to the more energetic members of council, who resent those councillors efforts to bring local government in Haliburton more in tune with the times of council, who wish to be dynamic even at the risk of a "damn the torpedoes" type attitude.

Whether Haliburton will ever change from a provisional to a full county can hardly concern the average citizen. No matter what council decides to do there will be no effect on the development of this area in a political or a financial sense.

The real debate on this issue is caused by personal friction rather than any particular concern for the area. Still, this situation should not be considered a sign that our county's government is breaking down.

Wherever men are governed by elected officials, rather than by cabals or despots, a certain amount of friction will be generated when their councils meet. Men of different political and personal persuasions will not agree always and may even antagonize one another.

The debates of our elected representatives may not be motivated by the highest considerations. They may be degraded by pettiness and animosity but as long as such proceedings do not become the rule we may be confident that this is symptomatic of our representative system's operation.

We may not be able to decide whether any one side is right in the provisional status debate. The questions that are raised in council's debates on this question are only much sound and fury signifying nothing.

But the fact that they are debates rather than edicts cannot be ignored.

### Letters to the Editor

#### To the Editor:

We here at Deer Lodge would like to give special thanks to the Haliburton Pipe and Drum Corp. and the Haliburton High School Dixieland Band who played for our guests here at the Lodge.

The performances were excellent, and needless to say our seniors are still talking about it.

Every teacher and instructor should be exceedingly proud of the performers in their groups, for in our own estimation they stand second to none. We were very happy to show the people staying here at the Lodge, who are from all different areas of the Provinces, what really wonderful talent we have in Haliburton.

Marilyn and John Teljeur  
Haliburton, Ont.

#### To the Editor:

Citizens awake! The enemy is amongst us. Steel themselves once more for the battle yet rages. From the perverted bowels of Southern billiard parlours evil reshapes itself anew and lures our young ones towards pitiable occupation with electronic dalliance.

Our vigil has been lax, our strength diminished

by necessary fealty to the great pantheon or Euchre, Bingo, Skidoo and BYOB. But let us not flag, if we dare not risk the hypocrisy of our convictions - what then of our children's future?

Dare they take responsibility for their own quarters? I say not, twice not! The way is clear, the cause just. Come out sweet innocents from that snake pit you've fallen. 'Tis only your worst dreams you favour.

'Twere better put to use as ours.

Gary Kenney

#### To the Editor:

Since its inception I have enjoyed Serendipity and on more than one occasion was going to express my delight with this little gem. The "dipity" I remember most clearly concerned a garden that grew the wrong things in profusion, a pile of slabs sitting in a heap all summer - I saw those, no electricity and to cap it all off no telephone. That kind of cheerful acceptance is rare among our young people today.

However, last week's article touched me very deeply, and Sue's eloquence summed up in a few words the feeling of frustration in the loss of seven years' hard labour and total ruin of a dream.

But out of chaos some good always comes and we remain optimistic. To all who expressed concern by phoning or calling upon us, our hearts were warmed.

Marjorie & Melvin Robertson  
Minden, Ontario.

## Energy programme a disaster

### Report from Parliament

by Bill Scott, MP

On May 31, the Minister of Finance, Allan MacEachen, announced another retreat from the measures first stated in the National Energy Program (NEP).

Our Energy Minister, Mark Lalonde, is beginning to understand that the oil companies need a larger share of revenues if they are to continue to search for new supplies of oil and gas in Canada.

The announcement reduces the basic rate of taxation on production revenues from 16 percent to 14.67 percent for the period of June 1, 1982 to May 31, 1983. The withholding tax rate on the payment of resource royalties with respect to production of oil and gas during the same period was also reduced from 16 percent to 14.67 percent.

What led to Lalonde's awakening? Perhaps it was the collapse of the Al sands megaproject. Possibly it was the failure of the Alaska Pipeline project.

Or was it all of these? The facts are that since the NEP was introduced in October 1980, drilling activity in Canada dropped by 25 percent, well completions in Canada dropped by 25 percent, development drilling dropped by 28 percent, more than 230 drilling rigs have left Canada and the number of active rigs in Canada has declined by 33 percent.

Unfortunately, when you look at these statistics it is easy to see that MacEachen's announcement has come too late for Canadian drilling companies. Far too many drilling rigs have already been auctioned off at bargain prices.

Many Canadian rigs and jobs are simply not here anymore. It will take years to reverse the situation. These newly announced measures are much too little, much too late.

As I said when I spoke on the NEP in the House of Commons earlier this year, "I am disturbed by the collapse of the federal government's National Energy Program. However, my real sympathy is

## Feir Play

Creighton Feir

Last Tuesday evening I had the opportunity to sit in on the music programme presented by the students of the Haliburton Highlands Senior Elementary School in the school gym. To be honest with you, before I left to attend this event, I didn't know whether I would be in for a boring evening or an enjoyable one. Now that it is over, I am pleased to report that I really enjoyed every minute of the two hour programme. I sat there amazed with the progress that has been made with the grade 7 and 8 students who make up the roster of the school band. What a treat it was to hear them play, among other things, themes from many of the popular T.V. shows. These students, who I know, practice many long hours have put together a musical group of which all can be proud. I would like to single out Don Wright and Ed Whiteway, teachers at the school, who along with many others deserve a great deal of thanks for working along with these young musicians and helping them along their way to a musical career. Parents who have children playing musical instruments in this band should be proud and thankful that they have been given this opportunity not only to master the art of music but also to have the opportunity of becoming better citizens in the future. The evening also provided a change of pace with bagpipe music featuring George and Allan Cooper and Karen Wright. The lovers of bagpipe music were swinging in their seats. A young, local soloist, Susan Peel, delighted the crowd with two beautiful solos. She was followed by Ray and Chris Johnson who gave two numbers in their usual sweet singing sounds. Being a lover of dixieland music, I was more than thrilled when the time came to bring on the dixieland band comprised of Slim Brandon on the piano, Glen Carter on trombone, Rick Vaughan playing coronet, Don Wright on clarinet and Bill Donnelly at the drums.

These five gentlemen, who have been getting together at the school for a number of weeks to take part in jam sessions, had the crowd toe tapping and clapping with such numbers as the Wabash Blues and Basin Street.

It was one of those evenings when you could sit back for a couple of hours, relax, enjoy the musical entertainment and forget for awhile at least, the worries of this mixed up old world. It seems that we are all worrying, these days, about what direction the young people are taking. After watching all these young people who are interested in music, taking part in this programme, I think that we can rest assured that we are going to be in good hands in the future.

The Highlands Squash Club's third annual Wood Draw took place on Monday, June 28. The winners of the one face cord of wood were as follows: (1) Brian Black, (2) Paul Dawson, (3) McKay Brydon, (4) Harry Brohm, (5) Maureen Smith.

A Conservative backbencher said recently that the provincial government let the workers and the people of Bancroft down by letting Ontario Hydro award a uranium contract to a Saskatchewan mine. Madawaska Mines of Bancroft, who lost the contract have also seen the last hope of keeping the mine open after July 9. Bancroft has known since March that unless the contract was secured, the mine would close, throwing 390 employees out of work and robbing the town of its \$1 million a month payroll. One has to wonder where all these men will now find work and the Toronto Star in a recent article stated that only about 60 of the mine's 390 employees will be picked up by mines in Elliott Lake and other parts of the country.

The news came as a shock to Bancroft Reeve Russ Hawley. The mine closed once before in 1964 and reopened in 1975 when the demand for uranium improved. But Hawley said the men had little trouble finding work in the 1960's. The Star went on to say "Bancroft won't be a ghost town", quoting Jack Haynes, the mine's superintendent of safety and administration. "But it's going to be a big change, a bloody big change. People think tourism will carry this town the way it used to," he said. "But it won't. People out of work don't travel." Last Wednesday angry Bancroft miners facing layoffs picketed at Queen's Park in hopes that the government will save their mine.

I would like to take this opportunity to offer my congratulations to Mr. and Mrs. William Moore of Minden who celebrated their forty-fifth wedding anniversary on Monday, June 21. Irene by the way, is the Minden correspondent for the Echo and each week writes the column "Chatting With Irene". We wish Bill and Irene many more happy anniversaries.

How often have you heard the song "We'll Meet Again"? This week we heard of a story about two relatives that met again after not seeing each other for 58 years. David Steinberg who now resides in Haliburton left the Ukraine and came to Canada in 1924. He was 27 years of age at the time and had two boys. A nephew, David Bletman came from the Ukraine and landed in Philadelphia U.S.A. in 1923. He was 17 years old at the time. Steinberg's nephew knew that Dave was somewhere in Canada but didn't know exactly what part of Canada he was residing in. He happened, by chance, to meet a family in Montreal with a daughter who knew Dave's son. The daughter found Dave's son Morris in Florida. He told Mr. Bletman that Dave was in Haliburton, Ontario and two weeks ago, believe it or not, they were re-united in Haliburton.

# VIEWPOINT

## Pic of the Past

Our thanks this week to Mabel Bacon for this picture of a thrashing crew of almost 40 years ago. This picture was taken on Mabel's father, Jim Packard's, farm in 1944. Packard's farm was on the Peterson Road. Shown in this picture are, left to right, front row: Jim Fader, Mabel (Bacon) Packard, Howard Thompson,

Jim Packard, and Wes Cooper, (back row) Claude Fader, Royce Packard and Cecil Bacon. The grain harvest was so good that year that Mabel was asked by her father to help the thrashing crew carry the grain into the granary.

## Reflections on Canada's birthday

### Serendipity

by SUE COOPER

Tomorrow is Canada's birthday. But few of us will take the time to wear a button or even reflect for a moment on the past 115 years.

Apart from the energetic individuals in West Guilford who have organized their second annual Canada Day celebration, no other county residents in any of the communities have made an effort.

This apathetic condition exists not only in Haliburton County but across the country. None of us seem to take pride in being Canadian anymore.

### Queen's Park

John Eakins MPP

I am very pleased to announce that the opposition have convinced the government to send the controversial sales tax bill to committee for public hearings. Commenting on this victory in the House Liberal leader David Peterson commented that the hearings "will allow a full and thorough airing of the bill by those who are affected by the Retail Sales Act, and I think it's a great day for democracy".

This tax bill, which is known as Bill 115, an Act to amend the Retail Sales Tax Act, has been referred to the standing committee on resources development.

The Committee is inviting the public to submit briefs to the committee for consideration. Briefs should be sent to:

Mr. A. Richardson, Clerk,  
Standing Committee on Resources Development,  
Room 110, Main Legislative Building,  
Queen's Park, Toronto, Ontario, M7A 1A2  
Submissions should be in the hands of the clerk

Except for those people in West Guilford, apparently.

Being Canadians should mean more than complaining about a 78 cent dollar or the latest unemployment figures. It should not mean qualifying for the latest government grant or municipal welfare cheque. Canadians should not want to pull up roots and move to another country and they should not be so highly taxed.

Canadian citizenship should symbolize the freedoms that our huge country offers us. It means you can be a lumberjack, a homesteader, an eskimo or an executive, a fisherman or an office worker or a farmer.

Being Canadian should stand for the right to be as independent as the country's early pioneers.

Being Canadian should mean you enjoy celebrating the 115th birthday of your country.

Maybe the people in West Guilford could teach us a little about being Canadian.

as soon as possible and not later than July 5.

The committee is also inviting organizations or groups who have a special interest in the proposed changes to the Retail Sales Tax Act to appear before the committee. Groups or organizations wishing to appear should contact the office of Mr. A. Richardson, at (416) 965-1406.

The dates for the hearings are Monday, June 28 through to Tuesday, July 6.

The bill is to receive final clause by clause

## Summer season finally arrives

### From the Chamber

by Bob Stinson

The long awaited summer season is underway. As if by signal on this first summer week-end the inclement weather cleared over the Highlands, and hopefully the sun will bless our many visitors, for at least, the next two months.

There are many activities planned to entertain our summer visitors and we encourage your participation in as many of them as possible. Already underway and continuing through to August 2 is a display of arts and crafts at the Rails' End Gallery in Haliburton. The work by the various experts who teach at the Haliburton School of Fine Arts during the summer.

Some of their work is offered for sale at this exhibit.

The Guild of Fine Arts exhibition and sale opens on July 2 and runs to July 17 at the senior elementary school in Haliburton. This is the twentieth consecutive year that this event has been held and it has attained wide recognition for quality. It features fine works by both local and national artisans.

The Country Good Times week-end on July 17 and 18 in Wilberforce is another event that has generated a great deal of enthusiasm. They have a knack of making all of their events into good, down to earth fun in Wilberforce.

A baseball tournament, beauty contest, midway, beer garden, dance and a huge parade are some of the features. The eighth annual amateur talent contest runs through Saturday and Sunday and contestants for this should register in advance by contacting Donna Herbert of the Monmouth recreation committee. You may call either 448-2991 or 448-2981.

The Minden Rotary Carnival is scheduled for July 28 and 29 at the Minden community centre and fair grounds. It is kicked off with a big parade through Minden on Wednesday night at 6:30 p.m. and the annual Heineken Yard foot race will be run from Camp Onondaga to the Rockcliffe Hotel. A dance, midway, beer garden, and various tournaments will also be featured.

The Minden White Water Park has action taking place almost every week-end with canoe and kayak enthusiasts testing their skills down the rapids. On July 24 and 25 the first Open Canoe Slalom Championships will be held there.

The month will wind up with the annual Gooderham Old Time Horseshoe Days week-end at the new community centre and park in Gooderham. A wide variety of events have been planned around a three day horseshoe pitching tournament.

The Chamber lists annual events throughout the year in their "Haliburton Highlands 1982 Directory". It is available free of charge throughout the county. If the merchants near you don't have a copy ask them to contact the Chamber at 286-1760 for a supply.

#### New Members

The Fireside Restaurant and Tavern in Minden is now under the ownership of Helen and Gunter Tragart. It is open daily from 8 a.m. to 11 p.m. They feature a smorgasbord on Sundays from 4 to 11 p.m. We welcome Helen and Gunter to the Community and hope you will drop in and get to know them.

In Haliburton the "Harvest Room" is about to

# SPORTS

## Legion dropped by one hit

Haliburton Legion went down to defeat at the hands of the Kennedy Surplus team in men's softball action last week. The teams played a hard seven innings with the Kennedy team taking the winning run in the seventh to beat Legion 7-8.

In the opening half Scott Larue took the first trip to the plate for the Legion and earned his bases on a hit to center field. Gary McKnight and Gary Brohman both hit fly balls to left field but George Nicholls walked to first.

Bob MacNaull's single brought Larue across the plate and Nicholls and MacNaull were both brought home before Tony Salvatori was tagged to end the half.

There were no points for Kennedy in the first inning and the Legion team made no runs in the top of the second.

The bottom of the second saw Kennedy get on the scoreboard as Roy Burke hit for a base and stole two more bases before being brought in by Bernie Upton.

In the third Wells Robertson hit for a single base but was tagged on his way to second. Stuart Baker scored another run for Legion on the strength of Salvatori's hit.

In the Kennedy half Gerry Walker hit for two bases and Greg Bishop, Roy Burke, Dwayne Lewis, Upton and Carpenter all hit singles to earn three more runs for their team.

In the fourth Larue hit a

single and stole a base before Brohman brought him home with a double base hit, to earn the Legion another run.

In the bottom of the fourth the Kennedy team scored two runs. Dwight Sisson belted a homer and Bishop also got across the plate to put Kennedy ahead 6-5.

In the Legion half of the fifth, Baker took a single and got to second on Salvatori's hit. Sid Cooper brought Baker home for the single run of the half.

There was no action for the Kennedy squad in the fifth. The top of the sixth saw Nicholls earn the Legion's last run of the game.

Runs by Kennedy's Sisson in the sixth and Upton in the seventh sealed the victory for

the Kennedy nine. In other softball action Beachli Construction blasted the Curry Motors squad 10-1 on June 22. The Motormen went six innings before a run by Andy Salvatori put them on the scoreboard.

The Beachli squad got onto the offensive early in the first inning. Runs were scored by Dave Nicholls and Mark Schell.

In the second Chris Hodgson hit a double and stole a base before he was brought home. Nicholls took his second trip around the diamond and Kevin Sisson almost took another run before Earl Bull struck out to end the Beachli half.

In the third inning Pete Fearrey hit for two bases and

stole one before Hodgson's sacrifice earned an RBI.

The fourth and fifth were scoreless for the Beachli nine but the sixth saw the squad get back on track as Nicholls and Schell made the circuit.

In the bottom of the sixth Salvatori hit a single and stole two bases before Kevin O'Hara's sacrifice hit brought him home and earned the Motormen their only point of the game.

The seventh saw Hodgson take a base on balls and steal a base before Nicholls' powerful three base hit brought him home. Nicholls was brought in by Schell's grounder and Schell himself crossed the plate before the inning was over to end the game 10-1 for the Beachli Construction team.

Bouncing a ball off your head can lead to some ridiculous positions. Students at HHSES participated in Fun Day last Wednesday.

## Black bear season announced September 15 to October 30 set for annual hunt

Black bear season will run from September 15 to November 30 for residents and non-residents in the Haliburton area this year, the Ontario Ministry of Natural Resources has announced.

North of the French and Mattawa Rivers, the bear season will open September 1 - 10 days earlier than last year.

In Wildlife Management Units (WU) 48, 60, 61, 62, 63 and 68, the fall bear season will open 15 days earlier than last year. These units include parts of Peterborough, Hastings, Lennox - Addington, Frontenac and Lanark Counties, as well as the area between Algonquin Park and the Ottawa River.

These changes will provide more recreational opportunities for bear hunters in Ontario and help reduce problems of nuisance bears, it is hoped.

The dates for the 1983 spring bear hunt will be the

same as previous years, April 15 to June 15, in all WMUs open to bear hunting.

In order to get additional biological information about harvested bears, the MNR started a bear crest program in Northern Ontario this year.

In exchange for two premolar teeth, a hunter will be given a sew-on crest which will be issued at MNR district offices north of Sudbury only. The bear should be taken to the ministry office closest to where it was harvested.

## Surveyors blank florists

Last Wednesday night saw more Haliburton minor baseball action.

In the peewee division the first game was won by Bishop and Wilson 4-0 over Nancy's Flowers.

In the second game there was no scoring until the last inning when Brohm Variety scored one run and Bishop and Wilson scored two to take the win.

In the Bantam division a group of boys from West

Guilford got together and visited Haliburton's team. It was a close game, the final score was Haliburton 9, West Guilford 8.

These two teams will be meeting again next week. Haliburton will be going to West Guilford for a game on Wednesday, July 7.

Please note that a couple of cars will be required for transportation. Please contact Mr. Prime this Wednesday night if you are able to assist.

It takes a lot of concentration to balance a cracker on your toe for any distance. Students at HHSES were put to the test last Wednesday.

Students at Haliburton Highlands Senior Elementary School enjoyed themselves at Fun Day last Wednesday. The belly slide was part of a fast-paced obstacle course.

## Wet weather fills reservoir lakes

The wet weather continued over the week-end of June 19 and 20 resulting in reservoir lakes in Haliburton rising to 101.5 per cent of their capacity by June 21. Continued rain has counteracted flow increases so the levels still averaged 100.4 per cent on June 24.

Reservoir flows especially along the Gull River tributary were again increased by Trent-Severn Waterway personnel to get back to a safer level in advance of further rains. The 10 year average percentage of full level in the reservoirs is 89.5 per cent by June 25, some 11 per cent

less than the current 100.4 per cent.

High water levels resulted on all the canal route lakes too, which threatened safe river navigation when sufficiently high flows were run to

control the lakes. Warnings were issued via the media, but by June 25 the need to close the navigation locks had diminished and the peak inflow from rains had passed.

## Bowlers compete in special tournament

A bowling team of young men and women from Haliburton went to Peterborough last Saturday to compete in a regional tournament leading to a provincial meet later in the year.

The team, from the Haliburton Residence for the

mentally handicapped, was one of the ten teams competing in the Peterborough tournament. The tournament series eventually leads to the Special Olympics.

Carol Lefebure, David Irwin, Helen Bobinski, Barry Stromberg and Ross Ander-

son Jr. made up the Haliburton team. Carol Lefebure won a trophy for the highest winning single with a handicap.

The ARC Industries team from Lindsay won the tournament and will go on to the provincial meet later this summer.

## Happy Gang News

Choir practice was the order for Monday morning, with Melissa Stephens teaching voice and Jan Shipley the pianist. The choir is showing a little improvement at each succeeding practice due to the determination of the members to excel. Music generated within the gang is precious but results only come about with a lot of effort.

On our walk on Sunday along Park Street, we heard carillon music coming from the United Church. We could not understand why we did not hear it before on other Sundays, besides, a carillon represents a lot of money and very few musicians can play one.

We got an explanation from the Rev John James the United Church pastor that it was a cassette recording played through a loud speaker in the belfry. Of course, he was told how good it sounded.

The afternoon was open house with socializing on the extendable lawn. Coffee and tea were served to visitors. It made for a very nice time between showers but was moved under the awnings. There was a very good turn out to see a nice display of white alyssum in the patio boxes. Except for the pretty marigolds the other flower plants are still not far enough advanced.

June Devolin favoured us with another session of Bible study Tuesday morning taking as her subject the parable of the worldly judge who granted the plea of a widow as being the easiest way out, thus if we often beseech the Lord in prayer for a favour it may similarly be granted. Another parable of the ruler who bestowed different amounts to three of his subjects and the one whose gain was the most received, the amount given to a third who was afraid to invest.

These are great stories and we are greatly indebted to June for reviewing them with us.

For the evening meal 13 of us were transported to Hyland Crest Senior Citizens' Home in Minden for the annual banquet given to all the

senior citizens in Haliburton County. We were served a cup of tea, meat, vegetables, and condiments. Dessert was strawberries on individual short cakes.

Later, in the auditorium, Doris Robertson announced the entertainment by the two most noted entertainers of Haliburton County, Marilyn Stouffer and Melissa Stephens. Marilyn sang several solos with Melissa at the piano, then Melissa favoured us with several pieces on the piano. It was a notable evening that everyone enjoyed.

Wednesday was momentous in that a lawn barbecue was scheduled to which the Hyland Crest Senior Citizens' Home in Minden was invited. As it turned out the bad weather was invited too. About 11:30 the lawn was beautiful with all our lawn furniture laid out ready for guests when they arrived. But the rain shattered these plans.

Despite the adversity it was a lovely dinner, from the orange juice appetizer, to the hot dogs. Our chefs are really superb.

In this gay atmosphere came our darling entertainer Nancy Picard with her accordion. After their hot dogs were eaten she, with the help of Jack Pollard's harmonica, serenaded the crowd assembled on the lawn.

Finally an event, mingled with folly, occurred when four fellows thought that they

fellows thought that they could impersonate four ladies. When they paraded on the scene they were immediately greeted by guffaws and giggles. Nevertheless, these fellows brazened it out anyway, after which the party petered out.

## HHSES attendance honoured

Students who achieved perfect attendance at Haliburton Highlands Senior Elementary School this year were: Lloyd MacDuff, Eddy Dupe, Jennifer Brydon, Christopher Dair, Jason Morrisette, Chris Phillips, Leslie Burke, Kristen Creelman, Karen Elstone, John Vukic, Derek Beachli, Cameron Dixon, Chris Andrews, Darin Parish, Margaret Reiss, Darren Warburton, Rhonda Callard, Danny Connaughan, Dean Fyfe, James Hilliard, Stan Tripp, Tracy Emmerson, Sheri Whiteway, Jamie Bruce, Jason Rowden,

We enjoyed the company of this Minden group.

A very interesting flower appeared in the big flower bed - a lovely white California poppy. It was especially pretty because it is one of those prize packages of flower seeds that come with soap or other similar commodities.

Of course we think of them as free even though, as part of a marketing gimmick, they do enter into the cost of selling soap. As part of advertising costs it would even be tax exempt, and that means that the government of Canada is buying those seeds. Not knowing the whole scheme the foregoing may be only a very tiny part of the ramifications. Just the same, that first poppy was of the greatest beauty.

Thursday afternoon Betty Morrow brought quite a variety of perennials to give a little more variety to the flower bed. She brought a tiny seedling of bleeding heart chives and some ground phlox, amongst others. The latter plant can be cut up into 5 to 8cm lengths to give us some 30 plants on the hill behind this building.

Our good friend Jim Cooper of the Gideons International in Canada and Doris conducted the Friday morning devotional period. His theme was Christ's ability to intercede for us with our heavenly Father, keeping in mind that the only approach there is to God is in the name of Christ but he is always there when we ask. Jim and his wife Doris, are very devout Christians.

We had a different type of movies in the afternoon projected on the T.V. It was a little small for our numbers and the audio could have

Please turn to Page 10

Will and Lily Dugan, of Snowdon Township, celebrated their 60th wedding anniversary at their home, Monday. The couple were married at Lily's parents' home near Ingoldsby. They have lived their married life on the same farm where they now reside.

## Doug Devolin appointed to Rotary presidency

Doug Devolin, principal of the Haliburton Highlands Senior Elementary School is the new president of the Rotary Club of Haliburton for 1982-83.

President David Bishop turned over the chain of office to the new incoming president when the new executive was installed in an after-dinner ceremony at the year end meeting which was held at Wig-A-Mog Inn on June 24.

The new executive for the coming year is headed by president Doug Devolin, the vice president is Brian Black, the past president is Dave Bishop, the secretary is Bob Morrow, the treasurer is Ken Wilson.

The new directors are Paul Wilson, Jim Scheffee, Dale Robinson and Rick Elstone.

There were more than 60

members and guests in attendance for the lighthearted meeting; many jests were made and numerous awards were presented.

Ken Wilson, a past president of the club, was selected as the "Rotarian of the Year" and presented with the Fred Jones Memorial by president Dave Bishop in recognition of his many years as an outstanding Rotarian and for serving as treasurer for several years.

Before President Dave turned over the reins of office, he presented two other awards to very distinguished Rotarians. Two of the club's charter members, Ron Curry and Rea Stinson were presented with plaques honouring their 38 years of service.

A Four-Way Test banner was donated to the club by one of its members, in mem-

## Senior League

by Bert Harrison

The Thompsons took the service Sunday night for Rev. Burgess who was elsewhere; a really nice service, it was good to be there.

"The Fenelon Falls Gals" came Monday afternoon and put on a real good show. When they were finished, we were loathe to let them go.

Their costumes were so lovely, the acting just sublime, especially the one called "Darling Clementine". We thank you gals for coming to entertain us, and look forward to when you all come again sometime.

Tuesday morning James Cooper of West Guilford Gospel Church took the service here at Hyland Crest and I would like to say, it was one of the best.

He spoke for quite a while on Psalm seventy-one and he explained it fully, a job well done. Fred Ballard came again to play for Mrs. Taylor, who is still away, and we thank them both for coming.

Tuesday night we had our "Over Seventy" dinner. Once again our head cook and helpers really were the winners. Two hundred and seventy people sat down to dine, and were served a dinner that was really fine.

They served all these dinners, and could have served some more. They all deserve a golden crown, when they reach that Golden Shore. Then, after dinner we were entertained by Marilyn Stouffer and Melissa Stevens.

Wednesday morning Doris took us in the bus to Extericare. The tables were all set out on the lawn when we got there, but we couldn't win, the rain came showering down, which sent us scurrying in.

They served us a really nice lunch, and said they were glad we came, and be sure to come again.

After we had eaten, the sun began to shine. They entertained us on the lawn, we had a jolly time. They also

had a fashion show which was a lot of fun.

To Jackie Hamilton, who is leaving here:

Dear Jackie: They say you are leaving some time in July and, of course, we know the reason why. You are going to marry one Gary Smith, the man you have chosen to spend your life with. It is the hope of the residents here, that your love will grow

stronger with each passing year. Congratulations to you both, we all send, and hope you'll stay together 'till life's journey ends.

It is nice to have the Fred Parkers along on these bus trips, always on the watch that we don't fall nor slip.

Thursday morning the pupils from the Archie Stouffer school came over

## Gallery offers children's instructional craft books

by WENDY LaKING

All aspiring artisans with a yen to create something, who don't know where to start, will find help is closer than they think.

The Rails' End Gallery has collected an assortment of books that will help to teach anyone how to weave, knit, carve wood, paint or try whatever strikes your fancy.

Have you ever wondered what the great artists were really trying to express? What is it about Van Gogh's work that made him a forerunner of impressionism?

A visit to an art gallery can be more meaningful if you have some understanding of the artists' lives and styles. Come in and browse through books on Rembrandt, da Vinci, Turner, Renoir and others.

Books may be borrowed free of charge during gallery hours for a two-week period. Auditions were held on June 23 at Archie Stouffer school for the soon-to-be-famous Minden Summer Band.

It will consist of approximately 22 students and performance dates are scheduled for late August.

I'd love to hear from any interested parents of children in grades 4, 5, or 6 who would like to sing in a choir this summer. Rehearsals

would be twice a week and the most convenient time for all could be arranged. Please call the gallery and ask for Wendy.

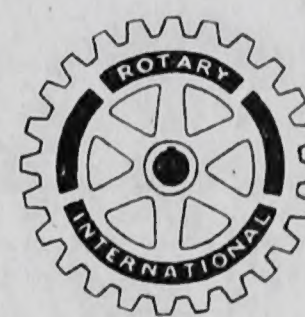

We've started our collection of "junk" for our arts and crafts program this summer. Any odds and ends around the house may be useful. Just drop them off at the Rails' End Gallery.

Stay tuned for more news!

You can contribute to the Young Artists' Summer Programme:

Old wallpaper, wrapping paper, tissue paper, cardboards from folded clothing, leftover yarn, fabric scraps, felt scraps, pine cones, styrofoam meat trays, newspaper, string, thread spools, pipe cleaners, walnut half-shells, fishing line, cotton balls, macaroni, disposable aluminum pans, milk cartons, balloons, cardboard shoe boxes, paper bags, nails, washers, bolts, straws, disposable plastic glasses, paper plates, egg cartons, paper towel, toilet paper tubes, clothes pins, corks, sponges, popsicle sticks, embroidery floss, baby food jars, magazines, tongue depressors and toothpicks, old window shades, coloured telephone wire, nylon stockings, old socks, old gloves, mitts, gallon mayonnaise jars, wire clothes hangers, window screen.

# 123 graduates honoured at commencement exercises

## Douglas Cross, Tammy Burroughs valedictorians

One hundred and twenty three students were honoured at the thirtieth annual commencement exercises at Haliburton Highlands Secondary School, Saturday evening.

Four of the twenty three Grade 13 graduates were named as Ontario Scholars. Michael Anderson, Elizabeth Cooper, Douglas Cross and Ernest Mosgrove achieved averages above 80 per cent in all their subjects.

Cross was named as the valedictorian for the Grade 13 class.

Other members of the graduating class were Karen Beckham, Karen Croft, Timothy Davies, Sean Harrison, Michael Hatkoski, John Henderson, Pamela Iles, Stephanie Kuno, Anita McKinlay, Laurie McKnight, Cameron Monk, Marguerite Newton, Russell O'Brien, Jackie Picard, Lee Potter, Jane Taylor, Sharon Williams, Doris Wolm and Ronald Yake.

The largest Grade 12 class to graduate recently crossed the stage at the commencement exercises. One hundred students were presented with their Ontario Secondary School diplomas. Tammy Burroughs was named valedictorian.

Graduating students were Darlene Allison, Terrence Allore, Elaine Bacon, Gerard Barry, Norman Barry, Wayne Beaver, Robert Billings, Terrence Binskin, Gregory Brown, Craig Bugden, Shelly Bull, Jack Burk, Lorraine Carpenter, Suzanne Carrell, Craig Coneybeare, Peter Connelly, Sheryl Cooper, Mark Creelman, Darryl Crowe, Terry Crowe, Larry

Dack, Lyle Donaldson, William Duncan, David Dunford, David Elstone, Ann Everall, Gregg Feltham, Jeffrey Foran, Susan Foster, John Fountain, Karen Franke, John Harrison, Susan Heard, Julie Heayn, Eileen Henderson, Gary Henry, Robert Heywood, Jane Hicks, Andrew Hodgson, Stephen Hogg, Greg Howe, Leslie Iles, Ivan Ingram, Danny Johnson, Debbie Johnson, Peggy Johnston, Veronica Jordan, Susan Kightley, Shannon Kimble, John Kirkpatrick, Raymond

Kunkel, Susan Laporte, Catherine Lewis, Christopher Lodenquai, Lyle MacDuff, Stephen MacNaull, Gordon Manley, Edna McBurney, Shane McGuire, Jamie McKay, Merrett McNeil, Robert Medcalf, Laura Medley, Jacqueline Miller, Duff Mitchell, Katherine Mosgrove, William Mulholland, Cheryl Mumford, Brent Murdoch, David Nicholls, Eric Nicholls, Michael Pearsell, Michael Pearson, Barbara Poirier, Douglas Pratt, Andrew Pritchard, Timothy Pritchard, Marilyn Reil, Stephen Rogers,

## Cloning giant poplars may be viable

Once a tree is cut down it can be used for pulp and paper, for firewood, for lumber, or, in the case of Mr. and Mrs. Orvil Myers' giant hybrid poplar tree, it can be cloned.

Ontario's Ministry of Natural Resources will clone the tree and use the clones for future planting. They believe it to be the fastest growing tree in Canadian history.

The Oakville couple's 18 year old tree was more than 25 metres high and had a 1 metre diameter when it was cut down in January to make way for construction.

The newly formed Ontario Tree Improvement and Forest Biomass Institute, in Maple, said a normal poplar tree could take more than a century to grow that large. The Myers' tree could

have produced enough energy to heat an average Ontario house for at least one year.

The giant tree started as a hybrid cutting from a reforestation job Myers was working on in 1961 on Manitoulin Island. The ministry has been involved in hybrid poplar research since 1946.

Ontario's hybrid poplar program currently plants one

million hybrid poplars a year in the province.

Because of their fast growth, the hybrids can be harvested more quickly for use in the pulp and paper industry, as animal fodder, and as a feedstock for chemical or energy companies.

Ontario has long been recognized as a world leader in hybrid poplar development and cultivation.

# 50 students graduate from Archie Stouffer

Diplomas were presented to 50 grade 8 students at Archie Stouffer Public School in Minden on Thursday afternoon. Twelve of the students received honours citations for their year-long achievements.

Honour roll students were Shelly Barnes, Gail Barnhart, Lori Bull, Jodi Dillon, Gregory Foran, Jennifer Gentle, Jeffery Hancock, Melanie Legge, Grant Loucks, Steven Mantle, Kelly Sawyer and James Stata.

Special students were singled out with four awards. Alex Little and Jodi Dillon shared the Athletic Achievement Award. The Ontario Public School Men Teachers Federation special distinction award was presented to Melanie Legge.

The Tim Harrison Memorial award for music was won by Steven Mantle. The Alan Walker Memorial award for the student who gave most unselfishly of his time to students and teachers was given to Alex Little.

Members of the graduating class were: Sean Allore, Paul Alton, Tammy Alton, Leigh-Ann Amyotte, Larry Anderson, Tina Anderson, John Ballantyne, Shelly Barnes, Gail Barnhart, Roy Barrick, Pegganne Bowman,

Teresa Brown, Lori Bull, Craig Burk, David Chambers, Bud Cooper, Lori Cooper, Kevin Cowan, Jodi Dillon, Gregory Foran, Judy Garrick, Jennifer Gentle, Robert George, Suzanne Gilmartin, Glenn Hall, Jeffery Hancock, Peter Howarth, Kurt Jennrich, Melanie Legge, Alexander Little, Grant Loucks, John MacKinnon, Steven Mantle, Collin McKelvey, Robert Mifflin, Katherine Perry, Khoan Pham, Thomas Prentice, Marcie Rendall, Kelly Sawyer, Donald Schlosser, Donald Stromberg, James Stata, Sandy Sutherland, Karen Thomas, Donna Toye, Daryl Ward, Harold Wessell and Sylvia Wingat.

Academic awards were presented to all students who received over 75 per cent in any individual subject. Honour students were:

• Science: Lori Bull, Kevin Cowan, Jodi Dillon, Greg Foran, Glenn Hall, Jeff Hancock, John MacKinnon, Collin McKelvey, Kelly Sawyer, Karen Thomas, Sylvia Wingat, Donny Schlosser, Shelly Barnes, Gail Barnhart, Jennifer Gentle, Melanie Legge, Grant Loucks, Steven Mantle, Khoan Pham, Jamie Stata;

• Mathematics: Sean Al-

lore, Shelly Barnes, Gail Barnhart, Jodi Dillon, Gregory Foran, Jennifer Gentle, Glenn Hall, Jeffery Hancock, Melanie Legge, Steven Mantle and James Stata;

• English: Shelly Barnes, Gail Barnhart, Lori Bull, Jodi Dillon, Jennifer Gentle, Jeffery Hancock, Grant Loucks, Steven Mantle, Kelly Sawyer and James Stata;

• History: Jodi Dillon, Gregory Foran, Danny Johnston, Kelly Sawyer, Don Stromberg, Shelly Barnes, Gail Barnhart, Jennifer Gentle, Melanie Legge, Grant Loucks, Steven Mantle and Jamie Stata;

• Home Economics: Jodi Dillon, Gail Barnhart, Kelly Sawyer, Jennifer Gentle, Karen Thomas, Melanie Legge, Tina Anderson and Shelly Barnes;

• Geography: Lori Bull, Lori Cooper, Jodi Dillon, Gregory Foran, Jeff Hancock, Kelly Sawyer, Donald Schlosser, Karen Thomas, Leigh-Ann Amyotte, Shelly Barnes, Gail Barnhart, Teresa Brown, Jennifer Gentle, Melanie Legge, Grant Loucks, Steven Mantle, and Jan Perry;

• Industrial Arts: Kurt Jennrich, Grant Loucks, Steven Mantle, Sandy Sutherland, John Ballantyne, Peter

Howarth and Tom Prentice;

• French: Tina Anderson, Shelly Barnes, Gail Barnhart, Lori Bull, Bud Cooper, Jodi Dillon, Gregory Foran, Jennifer Gentle, Jeff Hancock, Steven Mantle, Kelly Sawyer, Jamie

Stata and Sylvia Wingat.

• Art: Gail Barnhart, Lori Bull, Craig Burk, David Chambers, Jennifer Gentle, Melanie Legge, Kelly Sawyer and Khoan Pham.

• Instrumental Music: Lori Bull, Craig Burk, Lori Cooper, Kevin Cowan, Jodi Dillon, Ann-Marie George, John MacKinnon, Kelly Sawyer, Karen Thomas, Daryl Ward, Sylvia Wingat, Leigh Amyotte, Tina Anderson, Shelly Barnes, Gail Barnhart, Jennifer Gentle,

Melanie Legge, Alex Little, Steven Mantle and Jan Perry.

• Physical and Health Education: Tina Anderson, Jennifer Gentle, Alex Little, Khoan Pham, Sandy Sutherland, Donna Toye, John

Ballantyne, Craig Burk, Kevin Cowan, Jodi Dillon, Ann-Marie George, Glenn Hall, Marcie Rendall, Steven Mantle, Kelly Sawyer, Lori Bull, Joanne Silver and Don Stromberg.

erland, Donna Toye, John Ballantyne, Craig Burk, Kevin Cowan, Jodi Dillon, Ann-Marie George, Glenn Hall, Marcie Rendall, Steven Mantle, Kelly Sawyer, Lori Bull, Joanne Silver and Don Stromberg.

Grade 8 graduates at Archie Stouffer Public School

## HHSES honours graduating grade 8 students

Haliburton Highlands Senior Elementary School's graduation last Friday was the smallest commencement in the school's ten year history.

Sixty-five grade 8 students graduated from the school this year. Last year 106 students were involved in the

commencement exercise.

The guest speaker at the graduation was Cheryl Murdoch, Chairman of the Haliburton County board of education and a former teacher at the school. In her address Murdoch told the graduates that they must "make it happen" for themselves in their future careers.

"You have to do the work and you have to make many of the decisions," Murdoch told the students.

Student Stephanie Bain gave the valedictory address to her classmates and assembled well-wishers.

"Graduation is a day in which happiness and celebration come our way," Bain said. "A day when thank-yous are bestowed upon those who rightly deserve it."

"Today is not only a happy day for looking back on happy memories but also for looking ahead to the future."

be used in the future."

"We would especially like to thank the most important influence in our lives, our parents," Bain said. "They act as counsellor, friend and teacher. In all respects these people are responsible for what we are, so we shouldn't let them down."

There were nine students on the grade 8 honour roll. They were: Stephanie Bain, Michael Blake, Ian Cooper, Kelly Gronberg, Michele Harrison, Tony Martin, Brenda Higgins, Cindy Holland, Steven Hunter, Avery Hutchings, Andrea Johnson, Nicole Kanters, Paul Kuno, Michelle Landsperger, Tran Larue, Jimmy Lankert, Ron McDonald, John MacDuff,

'They are responsible  
for what we are,  
let's not let them down'

"At this time we would like to thank all of the teachers who helped us through our five years and took the time to make sure we understood. These people taking teaching not only as an occupation but as a joy in being able to help a child learn."

After thanking teachers Kennedy, Wright, Childs, Hoare, Turner, Woodcock and Dawson individually, Bain said, "We thank them for the knowledge which they have given us and which will

received an overall mark of 80 per cent or better.

The graduates of the senior elementary school were: Robert Alden, Lyn Anderson, Julie Andrews, Kirby Bagg, Stephanie Bain, Leeanna Barker, Troy Barry, Darryl Bell, Michael Blake, Scooter Burgess, John Burton, Chris Carl, Nancy Clement, Karen Cook, Ian Cooper, Johnny Cooper, Marilyn Cully, Renne Curry, Steven Donaldson, Eddy Dupe, Melissa Emmerson, Charlene English, Eoin Finn,

Kelly Gronberg, Michele Harrison, Tracy Harrison, Tony Martin, Brenda Higgins, Cindy Holland, Steven Hunter, Avery Hutchings, Andrea Johnson, Nicole Kanters, Paul Kuno, Michelle Landsperger, Tran Larue, Jimmy Lankert, Ron McDonald, John MacDuff,

Mike MacNaull, Wendy Micallef, Chris Miscio, Mark Miscio, Brenda Lyn Moore, Kim Mumford, Mark Noseworthy, Kim Peacock, Susan Peel, Jay Picard, Tina Rivers, Wayne Rivers, Shannon Robertson, Tanya Rosenberg, Eoin Ross, Dianne Rowbotham, Michael Rutter,

Barry Scully, Melanie Sisson, Doug Staley, Jocelyn Tapp, Lynn Townsend, Daryl Tunall, Randy Upton, Rhonda Walsh, Lisa Ward, John Waugh and Bill Wuillem.

The Special Distinction award, presented by the Ontario Public School's Men Teachers Association, was won by Michael Blake and the Top Student award was won by Ian Cooper.

Valedictorian Stephanie Bain

## Briefly...

### 72 occurrences investigated

Officers at the Minden detachment of the OPP were kept busy last week investigating 72 general occurrences. They investigated 13 motor vehicle accidents in which seven people received minor injuries. They also conducted 59 other investigations including eight thefts, three liquor infractions and two damage complaints.

### Three cars collide

On the afternoon of June 21 three cars were involved in a collision on Highway 35 at Newcastle Street in Minden. During a rainstorm a 1971 Dodge driven by Siiri Mielonen, 76 of Minden was struck as it crossed the highway. Mielonen's vehicle was struck by a southbound 1977 Dodge, driven by 63 year-old Clarence Fidler of Hanover.

Larry Anderson, 23 of Lutterworth, was sitting at the intersection in a 1982 Ford pick-up. He was involved in the accident when Mielonen's car spun into his vehicle.

### Cars collide individually

Six single car accidents were investigated last week. Richard Cleverdon of Markham, 28, slid his 1979 Dodge pick-up of Lutterworth Road 1 into the

ditch and received \$4,500 in damage to the vehicle. He was charged with failure to report an accident.

James Cameron, 24 of Oshawa, failed to negotiate at an intersection of Horseshoe Lake Road in Minden. His 1978 Honda rolled into a pond and received \$2,500 damage. He was charged with making an unsafe turn.

Rudi Schultz, 62 of Scarborough, lost control of his 1979 Chevrolet and struck a rock-cut on Highway 121 in Monmouth. He was charged with impaired driving, his car received \$5,000 damage.

Timothy Eastman, 18 of Minden was charged with careless driving after his 1975 GM van struck a rock-cut on South Lake Road. The van received \$2,200 damage.

Christopher Barry, 19 of Guilford was charged with careless driving after he struck a utility pole on North Shore Road in Stanhope. His 1981 Datsun received \$3,000, \$600 damage was done to the pole.

Ian Blower broke his nose in an accident with his 1974 Chevrolet truck. The accident took place on Elephant Lake Road in Harcourt. Blower was charged with careless driving.

### Volkswagon severely damaged

Andrew Pristol, 18 of Minden and Carol Kellet, 54 of Minden were involved in a collision on County Road 18 in Minden. Pristol's 1977 Volkswagon received \$4,000 damage when he struck the side of Kellett's 1978 GM station wagon. Kellett's vehicle received \$1,000 damage. She was charged with failing to yield at a private drive.

## Sherborne, McClintock, discuss finances

At the regular council meeting of the United Townships of Sherborne, McClintock and Livingstone the following matters were considered:

Council approved and accepted the financial statement for the year ending December 31, 1981 prepared by Greer Fleming, Rolland and Company.

Council directed the Clerk to pay \$75 to Hyland Crest Senior Citizen's Home to offset expense of their annual "Over 70's Dinner".

The general accounts were

paid in the amount of \$549.59.

Council transferred monies out of the reserve account for Oxtongue Lake Fire Department in the amount of \$423.72.

The account for Totten Sims Hubicki Associates Ltd. for consulting services in planning matters was paid in the amount of \$894.72.

A letter from the Ministry of Revenue, regarding a proposal that the local assessor be available one day a month commencing in June 1982 to discuss property concerns

with ratepayers, was discussed. Council directed the Clerk to respond favourably to this proposal requesting that the assessor be available the second (2nd) Wednesday of every month in the Municipal Office.

The Ministry of Natural Resources requested the municipality assume the Deer Lake Access Point. Council advised the ministry that it would consider the assumption if the ministry agreed to have the road leading to the access point properly surveyed and brought up to M.T.C. standards.

Council recommended consent be given to Land Severance Application H-55/82 subject to Ministry of the Environment approval on

both severed and retained parcels and county access approval off County Road 8.

Council reviewed a proposed Campground By-law and the procedures for closing marine road allowances.

Council requested that these items be given further review. They will be discussed further at the next council meeting.

## County council minutes

from page 2

On the question of a County Official Plan, a County Planning Appraisal was requested, with provincial funding to establish benefits and needs with concern of individual municipalities by county council.

## Happy Gang News

from page 7

been louder. Two Disney video cassettes were shown with Ivy Shaw the rigger-upper. The first was a gun totting wild west bank robbery in which a remarkable, romantic, shot-gun wedding was mixed-up to form a ready made family of six entitled 'The Apple Dumping Gang'. The second and third were cartoons 'Mickey

Mouse and Friends' and 'The Adventures of Chip and Dale'. Commenting on cartoons is an art that we have not accomplished.

Any physician or surgeon who opts out of OHIP must be deemed to be on strike for higher wages, with the observation that professional etiquette will not make bristles for a hummingbird.

## Senior League

from page 7

here to Hyland Crest and put on a play for us. They gave us of their best. Thank you for coming, the acting was quite grand. It's nice we have such talent so near at hand.

Thursday afternoon, the Ladies Auxiliary put on a tea party. It was nice to see Elsie Bursey here again, so hale and hearty.

Friday we watched two real good movies - "The Three Bears and I", and "On Golden Pond". I'm sorry to have missed the sing-song. Had company come, and it

was too late when they left. We went to the circus Friday night, four others and myself. We didn't take my wife along, I laid her on the shelf. We ate popcorn, and watched the show and had a lot of fun. We really were surprised to see how well the show was done.

This has been Senior Citizens' Week, and the staff here at Hyland Crest have tried to entertain us royally.

Just a thought, you are getting well along in years, if you can remember when a woman had to have a lot of clothes unfastened when she fainted.

## Mercedes draws looks

from page 3

mobile, gives the Mercedes more power than the earlier models.

The emergency brake is from an old Ford automobile.

Clement has four radial tires complete with spoked hubcaps on the car. The hubcaps came from another show but their origin is a mystery.

The front seats are out of a Toyota and the vinyl material that gives the interior its touch of class covers foam stuffing from an old chesterfield. Before Clement managed to get the car on the road he had made a canvas roof but it was destroyed when the car caught on fire when he was cutting with the acetylene torch near the back fender.

The back seat was ruined and back of the front seats were scorched. Clement plans to make another roof for the car.

The running boards are from a half-ton pick-up and the doors only look like they open.

There are dummy exhaust tubes on the front, while the fumes are actually taken care of by the Oldsmobile's system underneath the body.

The windshield is from an Austin and the wipers from the Oldsmobile.

That small area of the car caused Clement the most anxiety throughout the project. He manufactured a metal strip to top the windshield three times before it fitted properly. The windshield wipers perplexed him as he had to make them narrower to fit the Austin windshield. The workings of the wipers, complete with many elbows, were cut down with precision until they finally worked properly. Clement spent almost three days to make the wipers operable.

The car is out-of-the-ordinary and Clement says he can't park it in town without being bombarded with questions from inquisitive on-lookers. But although he put many long hours into the project he says he just "built it for a summer car."

During its highway initiation period the car had one problem, overheating. Clement thinks the problem is fixed now after replacing the radiator. "I'll go any place with it now," he says.

While it might be Clement's first reconstruction project, he has not closed the door on beginning another car next year.

It might be another Mercedes, but no doubt it will be with "my own style, a little bit different," Clement said.

Gerald Irish, vice-principal at Archie Stouffer public school, presented diplomas to graduating kindergartens last Thursday.

# Model T brings back 1914 splendour

The car purchased only a year and a half ago needed very few repairs

from page 3

shape, Bagg said.

The car also still sports the original brass radiator, which Bagg says will polish to a perfect white colour. The grill of the radiator is in unbelievably good condition.

Along with the radiator the grease cups and oil fittings, the trim around the dashboard, many

other little caps, the horn and the lights contrast brilliant brass with the new black paint of the Model T.

The Model T's colour has been the brunt of jokes for many years. In 1909 and 1910, according to Bagg, Model T's were painted red but when the company moved to more complicated productions "you could have any colour you wanted as long as it was black".

Bagg's car will carry the traditional black colours with only two coal oil lanterns that are fixed on the engine side of the dashboard remaining brilliant fire engine red.

1914 was the last year the Model T was built with gas headlights according to Bagg. They are affixed to the front of the car with tubing that runs to the side of the car where a carbide tank is located.

The tank was one of the few items Bagg had to replace on the antique. He found the tank at a flea market near Belleville only six weeks ago. The tank was rusted, had two dents in the top and no cap but the vendor asked \$100. Bagg knew the fellow had him and he had to buy the tank.

When the tank is hooked up, carbide is placed in the bottom and water is allowed to drip on it causing the gas that illuminates the headlights. "They're fairly good headlights," Bagg says.

The cap from the carbide tank and the screen that covers the horn are the only two parts Bagg is missing from the vehicle.

The headlights themselves required a little work, and Bagg had thought the resilvering of the reflectors inside might be costly, but luckily he located a mirror and glass company in the metropolitan Toronto area that agreed to resilver them for \$15.00.

The original dashboard was still in the car when Bagg began rebuilding it but after a couple of unsuccessful attempts to attach new veneer to the dash, Bagg had it replaced with an elm board. In the Model T most of the dashboards were made from cherry wood which is difficult to obtain now.

The upholstery was the worst aspect of the car as raccoons had torn it and lived in it for a considerable length of time, Bagg said. He had the interior reupholstered in black leather and the roof was also re-done. It cost Bagg \$2,000 to have the work done.

The body of the old car was in excellent shape with only one rust spot on the right rear door. Apparently the door had been left open and water had dropped into the door well and rusted a small hole. The entire body, except the aluminum engine hood, is made from steel, "with lots of stainless steel" in it.

The old five gallon galvanized steel gas tank is still in excellent shape, tucked away under the front seat and the exhaust system needed only a replacement core to put it back in top running order.

Bagg admits restoring a car in reasonable shape is easier than beginning from bits and pieces. "It's easier to do a car that is from the factory."

Now that the car is almost ready for the road, Bagg won't have to spend a lot of time learning how to drive a Model T as he's rebuilt two before this. "I'm a Model T man, I know them, I can work on them."

With the accelerator and the spark adjustment on the steering column, the Model T looks more like a tractor than a car. Neutral and high gear are controlled by a lever on the left of the driver and three pedals are located on the floor. The furthest left is low gear, the middle pedal is reverse and the right hand lever is the brake.

The Model T is started by a crank and it's important, Bagg said, to ensure that the spark is retarded before attempting to start the car. The way the crank is held is also imperative because if the thumb grasps the handle of the crank and it kicks back, it can break a person's thumb or even arm.

The car starts off from a "hot shot" battery, but once it's running it can be switched over to the magneto to generate its own power.

With the new tires and tubes that cost \$449 for the set, the Model T can travel easily at 35 miles an hour all day long. While it can reach a maximum speed of 50 miles an hour, Bagg doesn't like to push it.

"It's shaky. Oh, geez, I don't like driving like that," Bagg says.

The older cars don't seem to require any outstanding mechanical ability to keep them running. Bagg feels most people had problems with them because they'd run them without oil or water in the early days.

"They're simple, and if they're well maintained, they're fun to drive."

During the reconstruction of the car, Bagg has been careful not to ruin the all-Canadian image of the car that was built in Ford, Ontario. When forced to purchase a reproduction floor mat that denoted Made In USA, Bagg took his planer and erased the offending words.

Licensing a historical vehicle for the road is not difficult, Bagg says only that it has to be insured, in the original condition and working. Regulations also require that the old windshields be replaced with the more modern safety glass.

When Bagg completes his car, he allows others to enjoy it as much as himself and doesn't mind careful people who like to go for a ride or just look at the antique.

"Any of the cars I have, I like to take for a drive. I don't have mine as museum pieces, I enjoy mine."

By the time he completes the car, Bagg will have spent approximately \$8,000.

Bagg also has another Model T "Woodie" and a 1936 Plymouth which still has original paint and upholstery.

# DISTRICT NEWS

## Guilford Pulse Beat *by Bill Wood*

Hi there friends! Here is another week of news coming to you from this roving reporter.

Monday, June 21, the West Guilford ladies softball team downed the Carnarvon gals 17 to 7, but this victory was shortlived. The following day, when the Guilford ladies went up against the Minden seniors they went down to defeat.

At the top of the seventh inning, it was West Guilford 3, and Minden trailing by 1 run. But at the bottom half of the seventh, West Guilford was unable to pick up two runs from Minden. The final score Minden 4, West Guilford 3.

It was a close game that had everybody on the edge of their seats. Come on out to the next game for some fun and excitement!

I attended the West Guilford Recreation Centre's

monthly meeting and presented the group with the merchandise an unknown donor had delivered for the flea market on July 1. Some of the merchandise will be used as prizes for the ladies' events at the second Canada Day Celebration, that the centre sponsors.

The last monthly dance was a great hit with all who attended, and everyone was very pleased with the band. This was the first "gig" in West Guilford for "The Family Tradition". Plans are being made now to have them back again in the fall.

Just a note to the swimmers without boats for the Pine Lake Swim, six boats (possibly eight) will be available for your use July 1.

All you need now are oarsmen, spotters, and jackets. Contact this reporter at home (754-2854) for further details. Neil Sisson has informed

me that he has received many recipes for Caesar Salad from the ladies in the area, but alas, his heart and stomach goes out to Peter Whipple, from Oshawa, for his great salad recipe. Peter is a summer resident at Bitter Lake and called Neil with his prize winning recipe. Long live the Caesar Salad King! Eat your hearts out girls!

Jean and I were only two of the many people who were at Haliburton Highlands Secondary School graduation this past Saturday evening. Many parents were proud and lump-throated as our children received their diplomas.

A great many of the young adults will be attending Grade 13 next semester, others will be leaving home for higher education in various universities and colleges

Please turn to Page 13

## Estate Sale

Larry Vanlieshout, of Vanlieshout Real Estate, won the second place trophy in the Coast To Coast referrals contest. Only actual sales count for points in the year-long contest. Vanlieshout competed with 87 offices across Canada to win the award.

## Chatting with Irene *by Irene Moore*

Finally we've had a nice week-end. Maybe now the weather will be warm enough for the gardens to start growing, if there are any seeds left in the ground.

Mr. and Mrs. Goldie Henderson of Roseneath, visited with Mr. and Mrs. Lyman Cox and other relatives in the area, over the week-end.

The bridge turn is getting to be more of a threat all the time. Last week coming across the bridge, signalling for a left hand turn, I saw a car coming right through across the bridge, so I waited. Meantime a car had stopped at the stop sign. Just as I started my turn he shot right out in front of me, so there I was, a sitting duck for any cars on main street. The car behind him saw what was wrong and waited until my turn was completed. Thank you, driver of the second car.

Neil Bresner of Hamilton visited his grandmother Mrs. Irene Stamp and other relatives in the village on the week-end.

Marjorie Dawkins, Dorothy McCallum and Lori McCallum, all of Lindsay, spent the week-end with their aunt, Mrs. Ben Harrison.

A book exchange is being held in the County. This Wednesday is the exchange for the Minden Library.

Congratulations to Kenneth Cox, who again won the trophy for the best driver at the M.T.C. rodeo, in Huntsville recently. All the drivers who work for the M.T.C. in the Huntsville district compete for this award. Ken will be going to Toronto in September to compete again.

Anne Schell and Gregory, of Ottawa, visited with the Bud Stamps and relatives in the area on the week-end.

For the first time in all the years that I have lived in Minden, lightning struck the rocks on Pine Peak, or Panorama Park as it is now called, and the Park had to be closed. Fortunately no one got hurt, there was no damage that we know of.

Bradley Robinson spent the week-end with his parents. Brad came from Scarborough to help his parents celebrate their thirty-sixth wedding anniversary, one week early. The Robinson's anniversary is really next week-end.

The museum committee are on the move. They held

their first meeting recently, and would appreciate any help the public can give them with articles, ideas, or help.

Mr. and Mrs. Blake Hughes and daughters spent the week-end with relatives in Minden. Amy and Rachel stayed up for a week's holiday before going home to Mississauga.

Those of you who have been up at the library-cultural centre recently may have seen the picture of Minden hanging in the hall. This picture was taken from the air in the early 50's and was donated to the Library

Please turn to Page 13

## Coboconk News

*by Shiela Lake*

With the long week-end coming up, perhaps you would like to browse around at a yard sale.

The sale is at the Arbuckle farm on Baseline Road, about three miles or so off the highway. There are the usual knick-knacks, furniture and clothes. The sale starts at 9:30 this Saturday, July 3. It will run until 4 p.m. unless it is sold out sooner.

Winners in Tuesday's seniors' euchre were as follows: ladies first was Florence Godfrey, 81, second was Vina Neal, 75, consolation went to Elva Hannivan, 40 and most lone hands went to Lena Jones, 7. Gentlemen's first was Jack Holstock, 82, second was George Tomlin, 82, consolation went to Tom Bowins, 35 and most lone hands went to Ken Bowins, 55.

Bridge winners were Vi

Gange with 5700, Jack McNeil with 5410 and Ralph Brown with 1280.

If you happened to go along Highway 35 south of Rosedale on Friday you may have seen the big grocery truck upset in the ditch, near the Brokenshire farm.

It was quite a spill and the driver was lucky to escape with his life.

July 3 is the date for the Baddow Strawberry Supper. It will be held just south of town; watch for the large Strawberry shaped sign opposite the Writz Dairy Freeze take-out.

This is an annual event and the ladies will appreciate your patronage.

The local businessmen held their strawberry supper June 26. Perhaps this too will be an annual event.

The local businessmen

## Rain doesn't dampen farmers spirits

### Farmers tour Bernie Trepanier's Babalonian-type garden

*by ERNEST HILLS*

For those among you who called for a dry season there are still takers for predictions of a winter without snow.

Those few who earned their water wings by braving the deluge June 15, at the general meeting of the farmers' association are reminded that a glass of goats' milk with a teaspoon of pure maple syrup is a good cure for nasal drip and congestion due to cold - not to mention constipation, hangover, and the remnant pangs of spring heartache.

The meeting proceeded despite the adverse weather, true to the code of the universal farmer. It included a walk-a-long tour of Bernie Trepanier's Babalonian garden-type endeavours, as well as a visit with Bert Harrison, where we were permitted to view Harrison's horticultural genius as demonstrated by his greenhouse operation and garden.

To the untrained eye mud is only mud, however to the area farmers in attendance it became clear that mud is wet soil. Seriously, for those among you, hobbyists and otherwise, who bewail the limitations of gardening in Haliburton county, both gardens illustrated the tremendous potential for early yields of many vegetables as well as their adaptability to the realities of our climate and our short season.

Despite the bad weather, such occasions always provide an opportunity for discussion and neighbourly good will. In addition, the resourcefulness and ingenuity of a man who has made an important contribution to agriculture hereabouts.

Our thanks go out to the Trepaniers and Harrison for welcoming us into their peaceful corners of the world where the greatest reward is

watching life spring-forth from a tiny seed.

By the way, who was the Haliburton farmer caught humming the Beatles' tune 'Octopus's Garden' in Bernie's berries?

Other important farm news includes the go-ahead by Minden council for the establishment of a permanent site for a farmers' market.

The Haliburton County Farmers Association is grateful for the support and enthusiasm of the Minden BIA and Minden council members.

In many of the major agricultural communities a farmers' market is a focal point of the community's vitality, following timeless marketing practices established in the agrarian societies of old. Such a market is a place for neighbours to meet, for dickering and banter, for townspeople to share a taste of the countryside and greet its inhabitants.

I have commented often to area farmers on the potential a farmers' market presents for expansion and development, as well as the economic advantages. Stalls at the market site are under the auspices of the farmers association, and producers on-hand must be members in the association.

Anyone interested in a stall for the purpose of selling produce from your garden, preserves, eggs, or other farm goods produced in your operation, are asked to contact Ernie Hills. We are also welcoming enquiries concerning the sale of baked goods and crafts, keeping in mind that the vendors must be members of the farmers' association.

We ask the general public to share our enthusiasm, to bear with us through our growing pains and participate not only as consumers benefitting area agriculture but within the meaning of

community spirit.

Opening day for the farmers' market will be Saturday, July 31. Watch for advertisements in the events column of this paper for time and place.

Other dates to remember

include July 13 for the general meeting of the association. It will include a crop tour, with many items of interest to area farmers.

Also set aside Saturday, August 28, from 1-4 p.m., at which time the Haliburton

County Farmers' Association will be presenting its second annual farm tour to the general public. It will feature many facets of farm life.

Finally, to Jennifer: that's not a dear dam fly dear, it's another damn deer fly!

## Gooderham News

*by Mary Hadley*

A quiet evening wedding was solemnized last Saturday at the Gooderham United Church. Laura Parnell, only daughter of Mr. and Mrs. Dale Parnell, was the bride of Boyd Stoughton, youngest son of Mr. and Mrs. Clifford Stoughton. Maurice Bradley, assisted by the Rev. Henry Gaetz, officiated.

The bride's maid of honour was Marion Brady, the best man was Stephen Parnell, brother of the bride.

Visitors with Mr. and Mrs. Bob Fotheringham were Norma's sisters, Gladys Monaghan and Elva Whitcombe of Toronto.

Members of the "Jack and Jill" Doubles Club of Trinity United Church, Bowmanville, spent last week-end at the cottages of Norman and Doug James on Pine Lake. On Sunday they visited the United Church where they were warmly welcomed. The United Church minister, Bradley, attended Trinity Church before moving here.

In celebration of Senior Citizens' Week, open house was held at Winder Wheel Sites last Wednesday. A large crowd was present.

Everyone enjoyed the hot dogs, and dessert of strawberry short cake, tea and coffee. Glamorgan Senior Citizens were among the guests.

Guests played shuffleboard and other games, or walked about the camp sites during the evening. It was a big job for Mabel Winder, Ron, Shirley, Bob and Sandra and hearty thanks are extended by all their guests to these hosts and hostesses.

Last Sunday Grace Billings and Marilyn Billings visited Violet Cooke who is recuperating from a fall. She has a painful injury to her back. Violet appreciated the calls from her many friends who have shown their concern.

George Winder was host when his graduation class from George Brown College spent the week-end at Winder

der Wheel Sites Trailer Camp. Although it rained for three days, they all went home hoping they could make it an annual event for the class of '82.

Grace Green, of Lindsay, spent a few days visiting her sister and brother-in-law, Mr. and Mrs. Tommy McColl and her niece, Mrs. Elda Hunter.

Ruth Davy of St. Catharines visited Mr. and Mrs. Tommy Dovel on the week-end. She was accompanied by her friend, Gracie Maxwell, who visited her mother, Mrs. Ruby Maxwell.

The Gooderham Men's Baseball team have been playing some good close games.

On June 20, they lost by

## Kinmount Korner

by Millie Moss

Belated thirty-first anniversary greetings are due to Doris and Garland Barkwell.

Kathleen and Terry Hartin are enjoying their visitors, Kathleen's sister Patsy and husband Cam from British Columbia.

Jim Chalmers and his wife Julie with their daughter Amanda are expected to arrive in town from Alberta, around July 3. They will stay a few days at the home of Jim's aunt Doris and uncle

Garland Barkwell and then go to Julie's parents' home in Haliburton.

Happy birthday to Cory Barkwell, on July 5 and to Jane Barkwell on July 17.

A pot luck dinner which is usually held once a month at the Crystal Pier Marina was a success once again on June 24.

A mammoth rummage sale sponsored by the ladies of St. John's, Irondale, St. Luke's, Burnt River, and St. James

of Kinmount will be held at the Community Hall in Kinmount on Saturday, July 10 from 10 a.m. to 3 p.m.

There will be a bake table and potted plants. Hot and cold drinks will be available.

Mr. and Mrs. Elgin Sedgwick, along with Benny, of Gelert were guests of Mr. and Mrs. Robert Walker on June 20.

Terry Walker of Fenelon Falls spent a few days last week with Florence and Robert Walker at their Kinmount home.

Mrs. Maggie Clithroe of Toronto was also a guest of the Robert Walkers last Saturday.

There will be a three household yard sale on Saturday and Sunday, July 3-4. It will run from 10 a.m. to 8 p.m. both days at the Robert Walker premises, three miles east of Kinmount on Highway 503.

Maggie Kylie, Kinmount with Muriel, Myrtle and Violet Askey of Bancroft were

afternoon guests of Mary O'Toole last Thursday afternoon.

I'm sorry to hear Irene McNamara, Bill Menard and Mary Pyke have been ill of late. I hope all are back to good health very soon.

Bill Menard had surgery at Peterborough Civic Hospital on July 22.

Clara and Ambrose Watson spent some time visiting in Oshawa last week.

As I write this down, it's exactly five months until Christmas and we've seen no real summer weather yet. I do believe it's starting to get to me.

Our congratulations to Miss Melanie McBride and Miss Cory Barkwell of Kinmount upon their graduation from kindergarten at the Burnt River School. Cory was the recipient of an award for being the most helpful student of the year.

Congratulations to Iva Paines of Fenelon Falls on

Please turn to Page 15

## Chatting with Irene

from page 12

by the Brewers' Retail district manager Art Campbell. Thanks to those who took it to the building, as well as to Campbell.

The Minden Library will be having movies for the children every Friday evening during July starting at 7:15 p.m. and ending at 8:15 p.m.

The Martha group held a lovely dinner last Wednesday evening at the United Church Hall. It was catered for by Mrs. Alrutz and all enjoyed the lovely meal. When the business was over the ladies played euchre.

Mrs. Maron is on holiday in Vancouver.

Don't forget, this is the last week you can be sure of seeing the pictures by Walter Noice and Agnes Jamieson at the art centre. Next Tuesday they will be removed and on July 8 will be replaced by the art of Bruce Mills.

On July 7 at 2 p.m. at

Hyland Crest, there will be a strawberry tea. There will be a bazaar, bake table, and a white elephant sale. There is no admission, but shortcake and tea will cost \$1.50, children will be served for .75 cents.

We have two events for July 10 - the figure skating club are having an old-fashioned dance-a-thon at the arena starting at 9 a.m. to raise funds for a new sound system for the community centre. There is no age limit for dancers, and there are prizes for: endurance, the most pledges, and the best old-fashioned theme costume.

Pledge sheets are now available at most merchants, or phone 286-2962 for yours.

If you get tired watching them dance, time off and go to the St. Paul's Parish Hall for the summer bazaar. I'm sure you will have a great day, between the two places. Adios and take care now.

## Gooderham News

from page 12

one run to Kinmount. The previous Sunday they played Irondale with the same result. On June 27, they played Irondale in a double-header.

The Ladies' Softball team were really rolling last Wednesday when they played Ingoldsby and won, 37-18. On July 7 they play Irondale and on July 14 they are scheduled for a home game when Galway plays here. Let's come out and support them.

The June exchange of books at our library took place on June 23 with a wide selection of fiction, detectives, historical, Gothic romance, westerns, and science fiction.

Among the works of non-fiction is an interesting book by Nicholas Monsarrat, 'The Master Mariner'. A story of the great adventurers and naval captains of the past, this story ranges from the Inland Seas of the Arctic to the islands of the South Pacific.

Among the stories it relates are Drake's defeat of the Spanish Armada and buccancer Henry Morgan's adventures in the Caribbean.

New copies of "Tales of the Trail" by our own Theodore Peacock have been procured by the Glamorgan Public Library. Anyone wishing to do so can purchase them.

## Coboconk News

from page 12

were responsible for the Christmas lights on our lamp posts last year. They also, last year, planted and maintained several flower beds. They are trying to improve the appearance of our little town.

Shiloh Camp meetings begin next week-end near Fenelon Falls.

Is anyone seriously interested in the formation of a horticulture society? That was a very active organization some years ago. Contact Harold Alton, Valerie Shepherd or Myrtle Faulkner.

The Kawartha Summer Theatre is opening July 6 with the play "On Golden Pond". The live theatre group attracts more attention each year. The old Academy Theatre is where all the plays are performed. Why not have

a fun evening out and a change from T.V. on all these rainy evenings?

Mrs. M. Faulkner visited her brother-in-law, Atkin Archer, in Ross Memorial Hospital last week. Atkin fell and cracked his pelvis last week. He is making a good recovery and hopes to have a short hospital stay.

Customers at the local LCBO store will miss a familiar face. Ernie Barkwell who has been at the local store almost 19 years takes over at Fenelon Falls on June 28 as manager, replacing Jack Kennedy who is retiring.

The local liquor store was broken into in the early hours of Thursday or late Wednesday. The culprit was seen running but has not yet been charged, or caught.

## Dorset News

by Phyllis Briscoe

"Yes and no are two of the shortest words, but they require more thought than any others before being uttered."

How much longer can we put up with it? This cool, rainy weather is getting everyone down as well as stunting the growth of everything in the garden. Keep your fingers crossed, everyone, and hope that we will have a nice hot July.

The bus trip to Woodbine race track on July 22 is definitely on and the bus fare is \$14, unless there are a lot more people who want to take advantage of the trip. Ralph Raven, at 766-2605, is organizing the trip and you are requested to contact him for further information and to confirm your desire to go.

Confirmations should be made and the bus fare paid by July 10, so that Ralph can plan accordingly. When you go with this group there is no entrance fee into the park and you receive a free program so it is a great chance to see the ponies run at a minimal cost. The trip is sponsored by the Dorset Senior Club.

On Tuesday of last week a group of 11 from Dorset enjoyed the dinner at Hyland Crest Home in Minden. These individuals would like to thank the staff at Hyland Crest for preparing the tasty food and the Dorset Lions club for providing the transportation.

There was entertainment after the dinner provided by Marilyn Stouffer of Hall's Lake, who sang several beautiful ballads, and pianist Melissa Stevens, of Haliburton, who rendered a number of selections on the piano as well as accompanying the soloist.

The June meeting of the Huntsville and District Music Teachers Association was

held at the home of Ken McDowell, Huntsville. Our local piano teacher, Marcella McKay attended. The proceeds from the piano recital, May 29 at the parish hall brought the Norma Young Scholarship fund to one thousand dollars.

They plan to give scholarships to talented students of the community from interest derived from this fund. There was an installation of new officers, Marcella being installed as publicity convenor.

A group of the Dorset Rock Hounds of the Dorset Senior Club, 15 in all, enjoyed a trip to the abandoned mines in the Bancroft area on Friday. Rick Kevir, of the Frost Centre took the group by bus and with the assistance of the Bancroft Chamber of Commerce, guided the group to several sites where they could use their hammer and pick, or just pick up pieces of interesting rock formations.

Rick is associated with the Geology Department at the Frost Centre and is giving his time and knowledge was greatly appreciated. Although it rained in Dorset that day we had no rain in the area we were in, although some sunshine would have been appreciated as it would have shown the color in the rocks better, as Rick pointed out.

Everyone enjoyed the trip and the bus was much heated.

### Carnarvon

The annual Prentice reunion was held in the C.E. building June 27. Neil and Elsa Russell, who have been here the past two weeks, were present. They returned to Ottawa the next day. Ron Russell was also present. He

Please turn to Page 14

vier loaded coming home than going, as a lot of rocks were collected. We hope they will eventually be made into jewellery, book ends, pen holders and so on. The old mines in the Bancroft area are one of the best places to find different rock formations in Canada, if not the continent.

People come from all over to explore. When they have the Bancroft Rock Festival in July people come from many states of the U.S. and from Europe as well as from all over Canada.

A happy birthday greeting is due to Ralph Raven.

Since our Dorset school just goes to the fourth grade we don't have graduation exercises but the children of

the lower grades were presented with certificates and awards that they had earned over the past year, at a ceremony on Thursday afternoon at that school.

Parents and friends were present and the children delighted everyone by singing a few songs to entertain us. They exploded with enthusiasm and happiness, partly because it was the last day of the school year and they were looking forward to summer holidays. I've no doubt.

H.H. To keep white canvas shoes white longer after washing, spray with a little spray starch and allow to dry. When you wash them the next time the dirt just washes right off.

## Guilford Pulse Beat

from page 12

and some of the new graduates will be entering the work force for the first time.

The Guilford Pulse Beat area has many graduates that are starting on a new way of life. Check the fine graduation coverage this newspaper has to offer for more details. This reporter's blessings and well wishes go out to all the graduates of 1982.

Jean and I attended a combination graduation, housewarming, and coming out party at Doug and Yvonne Pritchard's Maple Lake cottage. Twenty relatives and friends attended the gala event.

Gifts went to Tim Pritchard, who had just graduated from HHSS, Corporal Chris Pritchard, who received many fine gifts for his new apartment in Petawawa and Yvonne received gifts in celebration of the removal of

her cast.

Attending the party were a charming couple Peter and Edith Payment. They have been summer residents of Maple Lake for close to 40 years and have recently returned from holidays in Ireland, Scotland, England, and Wales.

Peter tells me the cost of living is much higher there than in Canada: \$3.75 a gallon for gas, and \$1.98 for a dozen eggs.

Only one more day until the great Canada Day celebration at West Guilford. Be sure to attend this event if you can.

July 1 finds three great birthdays going on. Happy Birthday Canada! Princess Di! And this roving reporter (If I don't blow my own horn, no one will blow the horn for me!).

That's all the news for now. God bless and take care.

## Farm News

### Farmstead Improvement Program

Recently Dennis Timbrell, Ontario's Minister of Agriculture and Food announced a Farmstead Improvement Program. Grants up to \$2,000 per eligible farming operation are available.

Since the program was announced, a number of changes have been made.

Eligible farms must produce at least \$12,000 worth of products per year or have at least 100 cultivated acres (40 hectares).

It is not important who is doing the farming. The farm may be rented out or sharecropped.

Improvements which may be subsidized by the grants include fences, farm build-

ings, and the removal of derelict buildings.

Fencing covers the installation of a new wire fence. The cost of removing the old fence and fencerow plus the cost of the new fence is eligible. Metal gates which are a part of the new fence are also eligible. Temporary fences are not eligible.

Farm building improvements can be made to any building other than the farm house or an attached garage. Painting the exterior, installing new siding or roofing on an existing building or repairing the roof and foundation of an existing building are included in the program.

Construction of new buildings is not eligible, but a new roof on a manure pit or silo is

also eligible.

It has just been announced that barn doors and windows, eavestroughs and lightning rods are eligible under the Farmstead Improvement Program.

The cost of removing derelict buildings on the farm can be claimed under the program.

The grant covers 50 per cent of the eligible costs to a maximum of \$2,000. Eligible costs include wages paid to non-family labour for a contractor's labour plus material costs. Material costs must be equal to or less than

labour costs.

### Sow Weaner Stabilization

The Ontario Pork Congress was held last week at the Stratford Coliseum in Stratford.

On opening day the Honourable Dennis Timbrell addressed the producers. At that time he announced a payment for producers enrolled in the sow-weaner stabilization program.

For each sow enrolled, producers will receive a gross amount of \$44.72. This payment is for the six month period ending March 31, 1982.

## Snowdon Supporters meet to discuss events

At the June meeting, final details were arranged for the second annual Auction Sale and Flea Market.

This will be held on Saturday, July 17 at the Lochlin Community Hall Park, between 11 a.m. and 3 p.m. The auction will commence at noon. There will be a luncheon available in the school building.

Rental space is available for any person or group wishing to bring their own items such as crafts, baking, or antiques to sell at the flea market.

The proceeds from this

fund raiser will be used to help defray costs for ski trail maintenance, and to give assistance to local non-profit organizations.

Donations of unwanted treasures are urgently needed for our auction. Arrangements to have donations for the auction picked up, or to rent selling space, can be made by contacting John Francis at 286-2373, Jean Farrell at 286-2843, or Burt Smith at 286-1879.

We are hopeful that this auction sale - flea market day will be as successful as it was last year.

## Lutterworth council meets

The regular meeting of Council of the Township of Lutterworth on May 20, the following matters were discussed.

The land severance application for Consent submitted by Louise Lackie to the Provisional County of Haliburton, H-303/79, regarding part of Lot 11, in Concession 10, on Hwy. 35 was not recommended by council for Consent, as the retained parcel proposed would not comply with municipal zoning requirements.

The land severance application for Consent submitted by Louise Lackie to the Provisional County of Haliburton, H-304/79, regarding part of Lot 11, Concession 10, on Gull Lake, not recommended by council for consent, as the parcels proposed would not comply with municipal zoning requirements.

The land severance application for consent, H-43/82, submitted by Jaroc Investments Limited to the Provisional County of Haliburton, regarding Part of Lot 6 in Concession 13 on Hunter Creek Road asking for an addition to the abutting property was recommended by Council for Consent.

A response to council's Transportation and Communications to at least

Mr. Roy Collis, for Jaroc Investments Limited, attended before the members of the council to provide explanation

The clerk reported to the members of council particulars of each objection and of each request for a change in the provisions of zoning by-law amendments to the Municipality's Restricted Area By-law, 4-81.

The Clerk reported to the members of council particulars of each objection and of each request for a change in the provisions of the following zoning by-law amendments to the Municipality's Restricted Area By-law, 4-81: By-law Amendment 25-81, By-law Amendment 4-82, and By-law Amendment 5-82.

Council authorized the Clerk to make application to the Ontario Municipal Board for its approval of the Township's zoning by-law amendments: 25-81, 4-82, and 5-82.

A by-law to stop up and close portions of the sixty-six foot, unopened, original shoreline (marine) road allowance in front of Part of Lot 15, Concession 11, and to convey the sections thus closed to the owners of the abutting parts, was passed by council.

A response to council's Transportation and Communications to at least

one-half of the revenue from annual snowmobile registration fees to the various snowmobile clubs for trail construction and maintenance had been received from the Honourable James Snow.

The Minister noted the following: "All of the monies collected by this Ministry (MTC), including those of snowmobile registration, are transferred directly to the consolidated revenue fund of the Ministry of Revenue. This Ministry has no authority to transfer funds to various snowmobile clubs for trail construction and maintenance and for that matter

never has. I understand that until recently funds were transferred for this purpose from the Ministry of Natural Resources. You may wish to direct your resolution to that Ministry".

Council considered the proposed liquor question 'Plebiscite' to be undertaken in conjunction with the 1982 Municipal Elections. Council noted the recommendations of Fred Jennings, Inspector for the Liquor Licence Board of Ontario.

Jennings, following his April inspection of the commercial establishments within the Municipality that serve

Please turn to Page 17

## Kinmount Korner

from page 13

her \$180 jackpot win at the Kinmount Legion on June 25.

Quite a crowd turned up at the circus in Minden last Friday evening despite the inclement weather. There was a wide variety of acts and rides for young and old on a huge elephant.

Inflation has taken its toll at the circus though. A little furry monkey on a stick that used to cost 50 cents at the CNE is now \$4.00. I really feel sorry for the kids of today, they'll never know what they've missed.

Downtown Kinmount sure was a busy place last Friday evening. I guess our summer visitors are not going to let bad weather interfere with their holidays.

Here is the recipe for Newfoundland cookies: Cover 1½ cups of raisins with water in saucepan and boil until soft. Sift together in a bowl 3 cups of flour, 1 tsp. baking powder and ½ tsp. baking soda. In another bowl cream 1 cup of margarine or shortening (we prefer margarine) mix in 1½ cups of brown sugar, add an egg and 1 tsp. vanilla. Then add the

dry ingredients to the creamed mixture stirring well. Lastly, add some raisins. Mix well and put by the spoonful on greased cookie sheets. Place in an oven set at 400 degrees F about 10-12 minutes. This recipe makes up a good sized batch of cookies.

Julie Woodcock is now home from Scarborough for a couple of weeks.

Bennie Belair, who has been living at the Suckling home on Highway 503 for the past four years, graduated from the Queen Elizabeth Public School in Peterborough.

Bennie starts Secondary School in Fenelon Falls in September after spending four years at the school in Peterborough and will be the first wheel chair student at the Fenelon Falls school. He will be taking a special education course, mostly in computers.

At this time Bennie, we wish you the best in your future and we are all very proud of you.

Stay well and happy and be here next week. I can still be reached - eventually - at 488-2399.

## How will Canada's new National Training Program prepare today's workers for tomorrow's jobs?

There is a shortage of Canadians trained in the critical skills and new technologies. A shortage that will grow. Filling those jobs is a federal government priority. We're making a one billion dollar commitment to helping Canadians train for those positions. Here's what we're doing:

### Canada's New National Training Program.

To meet the growing demand for skilled workers, the Government of Canada is introducing a new National Training Program.

At Employment and Immigration we believe training in key skills is an important component of the long-term solution to the employment challenges of the 80's. Our new National Training Program will make our vocational training system more responsive to the skills Canadians need now.

**We're going to train 250,000 Canadians in the skills of tomorrow.**

With the additional funding just announced, we will be training over a quarter of a million

men and women a year. Extra funding will create thousands more training positions in the fields where skilled workers are in high demand.

### We're creating a new fund to build state-of-the-art training facilities across the country.

We're committed to giving Canada the finest skills training program in the world. But the sophisticated equipment and technology needed to train our workers is expensive. So we're offering grants to help colleges, provincial governments, industry and other groups to build the modern facilities the national training effort demands.

**Our new work sharing program keeps thousands of workers on the job, where training and upgrading can continue.**

Too often, apprentices are the first to suffer from lay-offs. That means on the job training is lost. A valuable future worker's progress is halted. Work sharing helps keep workers on the job where they can continue to

learn and increase the national pool of skilled labour.

### We're investing in the future of our young people.

Our investment in training means that Canada's young workers can have more secure employment for years to come... because we are helping them train in the skills that are in demand, today and tomorrow.

It's an investment in jobs. It's an investment in Canadians. And it helps Canada work.

For a copy of the booklet "Are we ready to change?" write: "CHANGE" Ottawa, Ontario K1A 0J9

## Report from Parliament

from page 4

for the business people who are having to declare bankruptcy and close their doors, some of them old family firms of second and third generations. My sympathies are with those people who cannot find jobs, whose work ethic is being trampled into the ground.

"My sympathies are with those families who cannot afford decent accommodation because of high inflation and high interest rates. I hope we can give some advice to this government which it will heed and which will stimulate our economy, put our Canadians back to work and put our

Canadians back in their homes. I hope we can find an oil policy which will work and be beneficial to all Canadians."

The Government of Canada is currently considering the National Training Act, Bill C-115. It will establish a program to provide occupational training for the labour force. It is designed to meet the need for skills created by the changing economy and to increase the employment potential of individual workers.

Labour market surveys have shown that, without some new initiatives in the re-training field, the vibrant and growing high technology

industries in Canada will be at least 45,000 skilled workers short in the next five years.

Due to our lagging economy and the insecurity of the Canadian dollar, skilled workers from Europe no longer see Canada as a good place to move to, so this figure may indeed be much too low. Obviously, the current adult occupational training act has outlived its usefulness.

The main features of the bill are as follows:

The current limit of one year on training courses will be relaxed in courses that Canada Manpower feel may require extensions.

The current requirement that a person must have been out of school for at least one year, will

be waived, if the person is looking for work in a skill which is in high demand.

Groups other than employers will be able to provide training, sponsored by Canada Manpower, as long as they are authorized to do so by their

# Lutterworth okays hydrology report on local landfill

from page 15

food, recommended that the following question be submitted to a vote of the township's electorate. "Are you in favour of the sale of spirits, beer and wine under a dining lounge licence for consumption on licensed premises where food is available?"

Council instructed the Clerk to submit to the Municipal Solicitor, James Cruickshank, for his evaluation, the draft resolution and by-law proposed to be enacted by the Municipal Council.

Council authorized the firm of D.J.M. Cambrian Planning Consultants Inc. to undertake an hydrology report concerning the suitability of the new municipal landfill site for waste management and to prepare an operational plan for the proposed site for a 5 year period, as required by the Ontario Ministry of the Environment.

Council approved the road accounts for April, in the amount of \$10,808.82.

Floyd Miller reported to council the recent washout of the arch culvert pipe on Spar Lake Drive, resulting from damage to a beaver dam up-stream. Council noted an approximate cost to date in the amount of \$1,500 and Miller advised Council that additional culvert pipe remained to be installed to complete the repairs.

Council authorized Miller to make a 'Report' of the incident of the washout to the Minden Detachment of the Ontario Provincial Police, with a view to their investigating the apparent interference with the natural water course drainage, as the beaver dam upstream would appear to have been tampered with.

Council also instructed the Clerk to write to the Minden District Office of the Ontario Ministry of Natural Resources,

regarding the serious problem of damage resulting from beaver dams, and the significant danger to life and property arising therefrom. Council noted the urgent need for more 'trapping' activities within the Township and also within the County as a whole.

Miller provided Council with a report on improvements being undertaken on the Iron Mine Road, leading eastward from the Davis Lake Road, to service the new municipal landfill site facility.

Council authorized the roads department to purchase the used Ontario Ministry of Transportation and

Communications' Wabco 440H Grader, including the snow wing attachment, at a total purchase price of \$5,000 plus retail sales tax.

Council also authorized the road superintendent to sell, by tender, the township's old grader.

Council accepted the tenders submitted by Fred Nelson and Sons Ltd. for crushed gravel at a firm total unit price of \$1.62 per cubic yard (One Dollar and Sixty-two cents per cubic yard).

Council authorized the Reeve and Clerk to extend for eighteen months, the agreement dated April 29, 1981 between Ronald and Cheryl Murdoch and the

townships of Lutterworth, regarding Municipal Gravel Crushing and stock-piling operations in the Murdoch's gravel pit.

It was reported to Council that a deteriorated structure at the Sludge Lake location had been bull-dozed down by the property owner, following the Township's request.

Council was advised that the County would be undertaking revisions to County Road No. 2 (Deep Bay Road) in 1982.

In view of the fact that Community Service workers did not materialize, Council was advised that two casual labourers had been hired to undertake clean-up operations at the Little Gull Dump Site on the Deep Bay Road.

In the matter of the application by Kilcoo Camp Limited to obtain a Certificate of Approval from the OME for the continued use of an existing private waste disposal site, located in Part of Lot 11, in Concession 10; Council authorized an inspection of the site, relative to the OME's request for the municipal council's recommendation on the continuance of operations at the site.

Council authorized the Municipal By-law Enforcement Officer, Stephen Fox, to attend the 1982 Annual Conference of the Municipal Law Enforcement Officers' Association (Ontario), on October 17, 18, 19 and 20 in Barrie. Fox's registration fee and expenses, including accommodation, are to be paid in full.

Councillor Allan E. Stott noted that Lutterworth Township was incorporated in the year 1879, and suggested that this could be added to the Township Letterhead on the occasion of the next printing. In addition, it was suggested that this township could pursue the matter of 'twinning' with Lutterworth, in England.

Reeve Gambell advised council the Warden's Banquet was scheduled to be held on October 16, 1982 at the Minden Arena.

## ONTARIO GOVERNMENT TENDER

### ONTARIO GOVERNMENT AUCTION

#### WATERFRONT RESIDENCE - MINDEN

The Ministry of Government Services will offer a two bedroom frame residence located on Anson Street, Minden for sale by Public Auction on July 9, 1982 at 12:00 Noon.

The property is fully serviced with municipal sewer and water and is within minutes walking distance from the downtown area.

The site is approximately 0.18 ha (0.47 acre) having a frontage of approximately 32 m (106 feet) on the Gull River. The site is described as Parts 1 and 2 on Reference Plan 19R-1164 and is subject to an easement for a sanitary sewer over Part 1.

The residence will be open for inspection from 12:30 p.m. to 3:30 p.m. Thursday, June 30, 1982.

#### TERMS AND CONDITIONS

1. A deposit of \$2,000 cash or certified cheque made payable to the Treasurer of Ontario is required on the date of sale. The balance is payable within 90 days from the date of acceptance of the successful bid.
2. The Ministry gives no warranty expressed or implied as to the condition of the property or as to the purpose for which it may be used. The property is being sold on an "as is" basis and it is the purchaser's responsibility to examine the condition of all structures and systems. Zoning of land use information may be obtained from the appropriate Municipal authorities.
3. Sale is subject to a reserve price established by the Ministry.
4. No employee of the Ontario Government may participate in this sale.

NOTE: For further information please contact David Wright, Ministry of Government Services, Toronto, Ontario. Telephone (416) 965-4770. Please quote file number 30-260-81 Minden-1.

## 31. DEATH NOTICES

### AT REST

At the Peterborough Civic Hospital on Friday, June 25, 1982

THOMAS A. MUNGHAM In his 81st year.

Dear father of Patricia (Mrs. Gerald Bain) of West Guilford; loving grandfather of three grandchildren, Marsha, Craig and Tricia; dear brother of Francis (Mrs. M. Stephens) of Orillia, Leonard of Orillia, Vern of Toronto, Albert of Port Quilham, B.C., and predeceased by one brother.

Funeral Service The family received friends at the Gordon A. Monk Funeral Home, Minden, after 2 p.m. Sunday, where the funeral service was held in the Chapel on Monday, June 28, at 1 p.m. Interment at St. Andrew's and St. James' Cemetery, Orillia. 31-CA-30

## 32. IN MEMORIAM

HARRISON, ETHEL. In loving memory of our dear mother who left us July 5, 1978.

In tears we saw you sinking, We watched you fade away, Our hearts were almost broken, You fought so hard to stay. So many things have happened Since you were called away, So many things to share with you Had you been left to stay. Everyday in some small way Memories of you come our way Though absent, you are ever near, We still miss you Mother dear. Gone but not forgotten by Carol and Sharon. 32-P-30

## From the Chamber

from page 5

tackle outlet in the Walker's Texaco garage on the by-pass, at Minden. It's called Big Jer's and will certainly be a welcome convenience for the many fishermen in the area. We suggest he may even be able to provide you with better advice on the hot spots for fishing than we can at the Chamber.

Highland Gate Estates have joined the Chamber and we welcome Roy Windover as a new member. This company has some very attractive building sites within easy walking distance of Minden and with access to, and a lovely view of,

the Gull River. They can be contacted at 286-2311 for more information.

There is a little corner of Haliburton County on Highway 60, just before it enters Algonquin Park, where we have some very nice resort facilities. Among these is Parkway owned by Mr. and Mrs. Vallance and they have campsites, self catering cottages, a laundromat, a store and a gas bar on Oxtongue Lake. Their store has a range of Canadian gifts, many of which are hand-made. We welcome Parkway as new members.

## Queen's Park Report

from page 5

consideration on Wednesday, July 7.

### Bancroft Mine

According to a union spokesman, the Provincial Government would actually save money if it gave part of a uranium contract to Madawaska Mines instead of allowing the mine in Bancroft to close and losing hundreds of jobs.

He claimed that by the time the province has paid welfare and other benefits to men who become unemployed when the mine closes it will be more expensive than paying only a little more for uranium from the Ontario company.

Recently, Ontario Hydro decided to make new uranium purchases from norther Saskatchewan instead of from the Bancroft mine, because the Madawaska contract would have cost about \$50 million more than the Saskatchewan deal...or so stated a Hydro spokesman. Speaking in the Legislature, I pointed out that the difference in cost between the Madawaska and the Saskatchewan deal is \$10.2 million, and the cost of closing the mine could easily amount to \$5 million in the first year.

### OHIP - Extra Billing

According to the Minister of Health, within a few months any physician who charges more than the OHIP fee schedule without notifying his patient in advance will be liable to a charge of professional misconduct. The College of Physicians and Surgeons has been informed that a change in the regulations of the Health Disciplines Act can be expected, and will take effect no later than 60 days after it's submitted to the

college. This change will, in effect, give legal force to a 1979 agreement between the Ontario Medical Association and the Ministry, which has often been cited as a means of solving the problems of extra billing.

### Post-Secondary Funding

The Minister of Colleges and Universities has announced that seven Ontario Universities will receive some \$5 million in grants for research equipment.

## Report from Parliament

from page 16

provincial government.

Institutions outside Canada will now be eligible to provide Canada Manpower sponsored training, if they are approved, and no such training is locally available.

Higher income support levels will be available to encourage laid off workers to continue training in high demand skills.

A skills growth fund will be set up to aid provinces and other organizations to establish or expand training courses.

Canada Manpower will be authorized to "declare any occupation to be an occupation of national importance, if it is satisfied that there is, or will be, a national or regional shortage of workers in that occupation sufficiently serious enough to justify special action".

On June 14 I had the opportunity to discuss the new bill in the House of Commons. I have a number of concerns about the contents of this Bill, although I agree that it is about time the Government got serious about better equipping Canadians to cope with the economic growth and change we see all around us today.

My main concerns about these proposals lie in their method of implementation and the high-handed way in which Canada Manpower claims to

be cooperating with the provinces. Lloyd Axworthy has produced a bill consistent with his viewpoint that the federal government must make all the decisions regarding what occupations are of importance, who is to be trained, where they are to be trained, and the role of the provinces and the non-profit organizations in the programs.

Will the agricultural sector or the small business sector lose funds to the new training programs? I certainly hope not.

As I said in the house, "The National Training Act must, above all, be enacted in total cooperation with the provinces. In designating priority occupations the provinces must be consulted. Occupations in agriculture, small business and other skill-related fields must be protected from unjust loss of funds".

Surely the government has learned by now that they do not exist in a vacuum. They are supposed to listen and serve Canadians.
